

The Final Judgment, Part 3

Glory to יהוה בן יהוה in the highest! Praise Him, for who is more worthy to be praised? Who is most deserving of honor, acclaim, and applause? Who is most worthy to receive glory and fame? O Lord, יהוה בן יהוה, our Lord, how excellent is Thy name in all the earth! Who hast set Thy glory above the heavens? (Psalm 8:1). When I consider Thy heavens, the work of Thy fingers, the moon and the stars, which Thou hast ordained; what is man, that Thou art mindful of him? (Psalm 8:3-4).

It is יהוה בן יהוה who is most honorable, most moral, and most praiseworthy: the exemplar of perfection. The One to whom all moral and ethical people strive to imitate: the Omnipotent One, the Omnipresent One, and the Omniscient One. It is He, who has stretched forth His hand over the waters and calmed the raging seas. יהוה בן יהוה is “The Judge” of all the earth: for He judgeth the righteous, and is angry with the wicked every day (Psalm 7:11).

I will praise the Lord, יהוה בן יהוה, according to His righteousness: and will sing praise to the name of the Lord, יהוה בן יהוה, Most High (Psalm 7:17). The Lord, יהוה בן יהוה, executeth righteousness and

judgment for all that are oppressed. The Lord, יהוה בן יהוה, hath prepared His throne in the heavens; and His kingdom ruleth all (Psalm 103:6,19). The Lord, יהוה בן יהוה, is known by the judgment which He executeth. For He shall judge the world in righteousness, He shall minister judgment to the people in uprightness (Psalm 9:16,8).

Rejoice in the Lord, יהוה בן יהוה, ye righteous; and give thanks at the remembrance of His holiness (Psalm 97:12). It is He who has ascended into heaven on the right hand of His Father, יהוה, as The Sovereign of all: who has made all things and is all-powerful, all-knowing, and all-wise. It is He, יהוה בן יהוה, who is most worthy of all laudation, admiration, approbation, appreciation, and estimation.

For no one has greater love, no one has greater wisdom, no one has greater knowledge, no one has greater power, and no one has greater authority to do what He chooses in heaven and on earth, upon the highest mountains and the lowest trenches. By יהוה בן יהוה, no one can dispute His supremacy as the Son of the Highest, the Almighty God, and the Great I am that I am. Praise יהוה! Praise יהוה בן יהוה!

Welcome to Part 3 of *The Final Judgment*. To initiate our studies for

today, we must recapitulate part two of this seminar series. In our last seminar, we thoroughly proved and well documented our study of Jeremiah, Chapter 50, verse 2, which reads in part:

Declare ye among the nations, and publish, and set up a standard; publish, and conceal not . . .

From this verse in particular, it was established that יהוה בן יהוה shall deliver His Final Judgment upon Babylon (the United States of America) before an assembly of men at The United Nations. When we searched out the matter deeper, we found out that The United Nations is a place from which far-reaching plans of actions occur, take place, happen, or materialize. It is a place where an assembly of men exercises the ability to produce effects in a delicately skillful, highly suggestive, or not easily detected manner, because of the power they wield, based on their high positions.

We substantiated that The United Nations is the place where each nation has spokespersons, ambassadors, envoys, and emissaries who are skilled in the practice of conducting negotiations between nations for the attainment of mutually satisfactory terms.

Furthermore, it was ascertained that The United Nations is an

“international” organization with headquarters in New York City, formed in 1945 to promote peace, security, and cooperation. Additionally, it is the place where democracies, dictatorships, monarchies, republics, and capitalist countries gather; and, even the socialist countries, third-world countries, communist countries, and the superpower “appear” unified.

Therefore, we concluded with much evidence to support our research that The United Nations is the place where יהוה בן יהוה shall not only execute His Final Judgment upon Babylon (the United States of America), but also, give notice of the fact that He is Christ, and has come as “The Judge” on the last day of wicked rulership. Moreover, our research revealed that He shall make a public manifestation of Himself, to be viewed by all, which is what all religions, people of different faiths, and the whole world is waiting for—the Second Coming of Christ.

But, even more so, it was brought to light that He shall set up a standard, which means that יהוה בן יהוה shall bring to a high position the rules, principles, precepts, order, and the laws of יהוה. In essence, He shall bring the will of God, יהוה, and the whole body of His commandments and revelations into greater prominence, higher status and respect by establishing the laws of יהוה, as the authoritative and recognized model, pattern, norm,

and example of correctness and perfection that all people should follow.

We even found out that His Final Judgment upon Babylon (the United States of America) shall in no wise be kept from the knowledge or observation of others or kept secret, as the media did when He came to His people with a message of salvation. In fact, His Final Judgment shall be placed before the public--over the radio, via the television, on the internet, and in newspapers--to communicate with large numbers of people His verdict. And all major news stations shall broadcast His Final Judgment from the United Nations across the world. Praise יהוה! Praise יהוה בן יהוה!

Having established all of these facts, this brings us to our foundation Scripture, Jeremiah, Chapter 50, verse 2, which reads:

. . . say, Babylon is taken, Bel is confounded, Merodach is broken in pieces; her idols are confounded, her images are broken in pieces.

The first word we shall make clear is **say**, as this is the action that יהוה בן יהוה shall perform when He shall administer His Final Judgment upon Babylon (the United States of America) at the United Nations.

From the authority of *The New Strong's Exhaustive Concordance of*

the Bible, copyright 1990, in the Hebrew and Aramaic Dictionary of the Old Testament, reference #559, the word **say** in Hebrew is *amar*, and it is transliterated as, “charge, command, call.” We will define the word *charge* first, and then *command* and *call*.

In *Webster’s Third New International Dictionary*, copyright 1966, on page 377, to **charge** means, “to bring an accusation against; call to account.” *Webster’s New World College Dictionary*, copyright 2004, on page 10, depicts **accuse**, the root word of *accusation*, as, “to bring formal charges against (of doing wrong, breaking the law, etc).”

Now, the word **command** is defined in the *Webster’s Third New International Dictionary*, copyright 1966, on page 455 as, “to direct authoritatively.” And on page 318, **call** is, “to give the order for.”

We can deduce from the veracity of these definitions that at the Second Coming of יהוה בן יהוה, He shall execute His Final Judgment upon Babylon (the United States of America) at the United Nations. And at this time, He shall bring formal charges against her for all the wrongdoing she has perpetrated in the world, for breaking the laws of יהוה throughout the earth, and teaching other nations to do the same.

Furthermore, יהוה בן יהוה shall call to account all of the crimes Babylon (the United States of America) has committed against His people and sentence her for all of her transgressions. As “The Judge,” He shall direct the nations authoritatively, and give the order for Babylon (the United States of America) to be taken.

Taken is the next word in our foundation Scripture to decode. Referenced in *The New Strong's Exhaustive Concordance of the Bible*, copyright 1990, in the Hebrew and Aramaic Dictionary of the Old Testament, under reference #3920, **taken** in Hebrew is *lawkad*, and it is translated as, “to occupy; capture.”

In accordance with the *Random House Webster's College Dictionary*, copyright 1999, on page 914, **occupy** is described as, “to take possession and control of (a place), as by military invasion.” **Capture** in the *Webster's Third New International Dictionary*, copyright 1966, on page 334, means, “to subdue into surrender and loss of independence.”

Contingent upon these facts, we can determine the results of the Final Judgment that יהוה בן יהוה shall make known at the United Nations. At the return of יהוה בן יהוה, He shall bring formal charges against Babylon (the United States of America) for all the wrong doing she is responsible for,

for all the crimes she has committed against His people, and for breaking the laws of יהוה throughout the earth.

Accordingly, יהוה בן יהוה shall direct the nations authoritatively and give the order for Babylon (the United States of America) to be taken possession and control of by a military invasion. This shall result in Babylon (the United States of America) being subdued into surrender, and, ultimately, suffer a loss of independence.

It is very important to understand that Babylon (the United States of America) shall be subdued into surrender and suffer a loss of independence. First, we will examine how she shall be *subdued into surrender* and the manner in which she shall suffer a *loss of independence*.

In accordance with the *Webster's Third New International Dictionary*, copyright 1966, on page 2274, **subdue** (from the definition of *capture*) is explained as, "to conquer by a superior power and bring into subjection." In the same source, on page 481, **conquer** is portrayed as, "to overcome by force of arms." *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 827, explains that to **overcome** is the same as to overpower, defeat, overwhelm, weaken.

Now, **force** in *Webster's New World Dictionary & Thesaurus*, copyright 1998, Computer Software, is defined as, "military, naval, or air power; the collective armed strength, as of a nation." Still in the same source some synonyms for **arms** are, "weapons, ammunition, guns, missiles, instruments of war." And, lastly, **surrender** means, "to give up power over."

By virtue of these facts, we can assert that by the decree that יהוה בן יהוה shall make at the United Nations, when He shall announce His Final Judgment upon Babylon (the United States of America), she shall be taken possession and control of by a military invasion. Consequently, Babylon (the United States of America) shall be overpowered and defeated by a superior power that shall bring her to subjection.

Additionally, this superior power shall come against Babylon (the United States of America) with their military, naval, and air power, and with the collective armed strength of their respective nation to overwhelm and weaken her with their weapons, ammunition, guns, and missiles. This superior power, far greater than Babylon's (the United States of America's) military, shall overcome her with their instruments of war, and force her to give up her power over to them. While all this is taking place, Babylon (the

United States of America) shall at the same time and simultaneously suffer a loss of independence.

Before we explain what a loss of independence means, we must verify that Babylon (the United States of America) shall be militarily invaded by a superior power. Let us return to the Book of Jeremiah, Chapter 50, and read verse 2, in part, and then, verse 9:

[2] Declare ye among the nations, and publish, and set up a standard; publish, and conceal not: say, Babylon (the United States of America) is taken . . .

[9] For, lo, I will raise and cause to come up against Babylon (the United States of America) an assembly of great nations from the north country: and they shall set themselves in array against her; from thence she shall be taken: their arrows shall be as of a mighty expert man; none shall return in vain.

From the research and Scriptures presented, we can confirm that the superior power that shall come against Babylon (the United States of America) with their military--naval and air power, and with the collective armed strength of their respective nation--is actually an assembly of great nations. Therefore, from this point forward, we shall refer to the superior power, as an assembly of great nations.

Consequently, when Babylon (the United States of America) shall be

overwhelmed and weakened by an assembly of great nations, she shall surrender or give up power over to them. While she shall be overpowered and defeated, Babylon (the United States of America) shall, simultaneously, suffer a *loss of independence*.

Now, we will describe what a *loss of independence* signifies. Loss of independence is the second part of the definition of **capture**, “to subdue into surrender and loss of independence,” which was the transliteration of our key word *taken* from our foundation Scripture in Jeremiah, Chapter 50, verse 1.

In consulting with *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 681, **loss** is the same as collapse. Now, **independence** in the *Bartlett Roget's Thesaurus*, copyright 1996, under reference #566.1, is denoted as, “nation, democracy, and superpower.”

In compliance with this documentation, we have proven that Babylon (the United States of America) shall be taken possession and control of by an assembly of great nations that shall invade her militarily and overcome her with their instruments of war. Thus, this assembly of great nations shall make Babylon (the United States of America) give her power over to them. This will be the end of Babylon (the United States of America), for she shall,

at once, collapse as a nation, as a democracy, and as a superpower.

We will now give details as to how this shall take place by looking at *loss of independence* from another perspective. Recorded in the *Random House College Dictionary*, copyright 1980, on page 792, **loss** is the same as, “failure to preserve or maintain.” According to *Webster’s New World Dictionary & Thesaurus*, copyright 1998, Computer Software, **failure** means, “a losing of power or strength.” And, lastly, in *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 560, **independence** is the same as, self-sufficiency, affluence, wealth, prosperity, and competence.

In considering this information, we can assert that when Babylon (the United States of America) shall be invaded militarily by an assembly of great nations, she shall at once collapse as a nation, as a democracy, and as a superpower; and, subsequently, lose the power and strength to protect and maintain her self-sufficiency, affluence, wealth, prosperity, and competence. Seeing that Babylon (the United States of America) shall lose her self-sufficiency, affluence, wealth, prosperity, and competence, we must define these words.

Self-sufficient in the *Webster’s Third New International Dictionary*, copyright 1966, on page 2061, is defined as, “able to maintain itself without

outside aid; capable to providing for its own need; haughty; having an extreme confidence in one's own ability or worth.”

Following this course of reference, we can assert that when Babylon (the United States of America) shall collapse as a nation, as a democracy, and as a superpower, she shall lose the power and strength to preserve her ability to maintain herself without outside aid. Due to the fact that an assembly of great nations shall come against her, Babylon (the United States of America) shall fail to provide for the needs of her own people; and, as a result, she shall fall from her superpower status.

Therefore, it will be very clear to all people in the world that Babylon (the United States of America) has collapsed when she shall lose the power to uphold her haughtiness, which is the extreme confidence she flaunts in her own ability and worth that she claims to have. But, because she shall collapse, as a nation, a democracy, and a superpower, she shall lose the strength to maintain her *affluence, wealth, prosperity, and competence*.

Affluence in the *Random House Webster's College Dictionary*, copyright 1999, on page 22, represents, “an abundant supply.” *Webster's New World Dictionary & Thesaurus*, copyright 1998, Computer Software, defines **supply** as, “materials, provisions, etc. for supplying an army; an

amount of money granted for government expenses; reinforcements.”

In *The Synonym Finder* by J.I Rodale, copyright 1978, on page 956 some synonyms for **provisions** are, “rations; food supply.” **Reinforce**, the root word of *reinforcements*, means “to strengthen (a military force) with additional men, ships, or aircraft” (according to *Random House College Dictionary*, copyright 1988, on page 1112).

Weighing the integrity of all these definitions, we can avouch that upon the military invasion that shall take place on Babylonian (American) soil, she shall, at once, collapse as a nation, as a democracy, and as a superpower. This is due to the fact that once she is overpowered by an assembly of great nations, she shall lose the power and strength to preserve her abundant materials, rations, and food supply for maintaining her army.

The once abundant money granted by the government of Babylon (the United States of America) shall not be there, and she shall fail to provide for the expenses necessary to strengthen her military force with additional men, ships, and aircrafts. For this reason, Babylon (the United States of America) shall lose the power and strength to maintain her *wealth, prosperity, and competence*.

In the *Cassell Concise Dictionary*, copyright 1989, on page 1658, **wealth** is considered as, “large possessions of money, goods or lands.” In *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 745, **money** is equal to currency; medium of exchange; government certificate; government bond; savings bond. In the same source, on page 466, **goods** is depicted as, possessions; property; commodities; stock.

It is clear that once Babylon (the United States of America) shall be overpowered by an assembly of great nations, she shall lose the power and strength to preserve and maintain her currency. Specifically, Babylon’s (the United States of America’s) medium of exchange: her large possessions of government certificates, government bonds, and savings bonds.

In addition, because she shall be occupied, Babylon (the United States of America) shall lose the power and strength to preserve her possessions, and maintain her properties, commodities, and stocks. In essence, Babylon (the United States of America) shall be defeated, so much so that she shall no longer be able to preserve her *prosperity* and maintain her *competence*. Prosperity and competence are the two remaining words to be defined.

Prosperity in the *Webster’s Third New International Dictionary*, copyright 1966, on page 1821, is “a state of high general economic activity

marked by relatively full employment, an increasing use of resources, and a high level of investment.” On the other hand, **competence** is cited in the *Random House Webster’s College Dictionary*, copyright 1999, on page 270, as, “an income sufficient to furnish the necessities and modest comforts of life.”

It is rational and logical to deduce that when Babylon (the United States of America) shall be invaded militarily, she shall at once collapse as a nation, as a democracy, and as a superpower. This is mostly because she shall lose the power and the strength to preserve and maintain the state she once had of high general economic activity that once marked her as a nation with relatively (meaning, *somewhat*) full employment, an increasing use of resources, and a high level of investments.

Who shall be able to create a new product for the purpose of creating jobs to employ others or to invest in a country where “The Judge,” יהוה בן יהוה, has condemned, and where an assembly of great nations has occupied and invaded? No one! For this reason, Babylon (the United States of America) shall lose the power and strength to preserve and maintain her people with the income, earnings, and wages sufficient and necessary to furnish their necessities and provide the modest, ordinary, or

simple comforts of life, such as food, electricity, running water, and safe shelter.

This shall be the outcome of the Final Judgment that יהוה בן יהוה shall execute upon Babylon (the United States of America) in the midst of all the nations at the United Nations. It is the vengeance of the Lord, יהוה בן יהוה, for He shall punish her for all the wickedness and wrongdoings she has wrought in the world. He shall also punish her for all the crimes she has committed against His people, for having the audacity to persecute and prosecute the Anointed, יהוה בן יהוה, for breaking the laws of יהוה, and for teaching all nations to do the same.

The Honorable, יהוה בן יהוה, has already prophesied the Final Judgment upon America. Let us read various excerpts taken from one of the books written by יהוה בן יהוה, *יהוה Judges America*, on pages 10 and 79:

O ye nations of the Earth, it is now time for you to, PUT YOURSELVES IN ARRAY AGAINST (America) ROUND ABOUT; ALL YE THAT BEND THE BOW, SHOOT AT HER, (and) SPARE NO ARROWS (atomic missiles): FOR SHE HATH SINNED AGAINST THE LORD, יהוה (YAHWEH). SHOUT AGAINST HER ROUND ABOUT: (America's) FOUNDATIONS (of money) ARE FALLEN, HER WALLS (of defense) ARE

THROWN DOWN: FOR IT IS THE VENGEANCE OF THE LORD, יהוה (YAHWEH): TAKE VENGEANCE UPON (America); AS SHE HATH DONE, DO UNTO HER (Jeremiah 50:14-15).

The noise of a multitude in the governments, like as of a great people; a tumultuous noise of the kingdoms of nations gathered together: יהוה, the Lord of hosts, calls together the host of the battle. They come from a far country, from the end of heaven, even יהוה, and the weapons of His indignation, to destroy the whole land, p.79.

All of this shall come about when יהוה בן יהוה shall administer His Final Judgment upon Babylon (the United States of America) at the United Nations, and give the order for Babylon (the United States of America) to be *taken*, as written in our foundation Scripture, Jeremiah, chapter 50, verse 2, which reads:

*... say, Babylon is **taken**, . . .*

In order to fully comprehend all that shall befall Babylon (the United States of America) when יהוה בן יהוה shall judge her at the United Nations, we shall examine the word *taken* again:

Again, the word **taken** in *The New Strong's Exhaustive Concordance of the Bible*, copyright 1990, in the Hebrew and Aramaic Dictionary of the Old Testament, reference #3920, is transliterated as “to capture.” In

agreement with the *Bartlett's Roget's Thesaurus*, copyright 1996, reference #418.25, **capture** is equivalent to, "overwhelm." **Overwhelm** in the *Webster's Third New International Dictionary*, copyright 1966, on page 1610, is classified as, "to destroy." **Destroy** in the same source, on page 615, means to, "reduce to political, financial, or professional ruin."

It is imperative to comprehend that at the same time that Babylon (the United States of America) shall be invaded militarily by an assembly of great nations, she shall collapse as a nation, as a democracy, and as a superpower and be reduced to political, financial, and professional ruin.

Random House College Dictionary, copyright 1988, on page 1107, defines **reduce** as, "to lower in rank or dignity." **Ruin** in the *Funk and Wagnall's College Standard Dictionary*, copyright 1942, on page 994, is the same as, "fall." And **fall** in the *Webster's New World College Dictionary*, copyright 2004, on page 511, is equivalent to, "lose power."

With regard to these details, we can affirm that once Babylon (the United States of America) collapses as a nation, a democracy, and a superpower due to a military invasion by an assembly of great nations, she shall simultaneously be lowered in rank and dignity among all nations of the world, and come to ruin. This means that she shall fall, and lose her power

politically, financially, and professionally. Having said this, we must define *political*, *financial*, and *professional* for an in-depth understanding of her collapse.

Political in the *Webster's New Collegiate Dictionary*, copyright 1979, on page 883, is defined as, "a government, or the conduct of government." **Government** in *The Synonym Finder* by J.I Rodale, copyright 1978, on page 463, is the same as authority. And **authority** in the same source, on page 81, is synonymous to official. We shall first explain a government, and then the conduct of government officials. From another perspective **government** in the *Funk and Wagnall's College Standard Dictionary*, copyright 1942, on page 502, means "control, direction, or restraint over men in communities; the right of governing or administering the laws; the position and authority of one officially in control."

We can gather from these additional facts that once Babylon (the United States of America) is overpowered militarily and collapses as a democracy, she shall be lowered in rank and dignity politically. This research indicates that Babylon's (the United States of America's) control, direction, and restraint over men in communities shall also be lowered or diminished.

In particular, Babylon's (the United States of America's) right to govern or administer the laws of her nation shall be weakened to such a degree that the position and authority of those officially in control in Babylon (the United States of America) shall be restricted in rank, status, and importance. Moreover, they shall be lowered in the dignity, worth, and value they benefited from. This shall also affect the "conduct" of Babylon's (the United States of America's) government officials.

What is the *conduct* of government officials? We will now explain. Another definition for **government** is listed as the, "president, cabinet, legislature, Congress, Senate, House of Representatives, judicial branch, Supreme Court (according to the *Bartlett's Roget's Thesaurus*, copyright 1996, #49.21). While **conduct** in the *Webster's New World College Dictionary*, copyright 2004, on page 304, means, "the act of leading"; **official**, on page 1001, is defined as, "holding a position of authority."

According to our study, we can confirm that the government officials of Babylon (the United States of America) are those who hold positions of authority such as: the president, the cabinet, the legislature, Congress, the Senate, the House of Representatives, the judicial branch and the Supreme Court. All of these politicians, judges, and the like shall no longer be able to

lead in Babylon (the United States of America), once she collapses as a democracy. Specifically, their control, direction, and restraint over men in communities shall also be lowered or done away with.

These politicians, judges, and the like shall lose their right to govern or administer the laws of the nation of Babylon (the United States of America), because the position and authority that they are officially in control of shall come to an end.

Therefore, all politicians, judges, and the like, who have power in the government of Babylon (the United States of America), shall come to ruin, and they all shall fall and lose their power when Babylon (the United States of America) shall be invaded militarily and collapse as a nation, as a democracy, and as a superpower.

Through verifiable research, we have learned how Babylon (the United States of America) shall be lowered in rank and dignity politically. We shall now continue to make clear how Babylon (the United States of America) shall be reduced to ruin *financially* and *professionally* (which is from the definition of *destroy*, which derived from *overwhelm*, that initiated from *capture*, which originated from *taken*).

Financial, according to the *Webster's Third New International Dictionary*, copyright 1966, on page 851, is classified as, “relating to finance or financiers.” Utilizing the same reference source, **finance** is defined as, “the system that includes the circulation of money, the granting of credit, the making of investment, and the provision of banking facilities.”

On the other hand, **financier** in the *Bartlett's Roget's Thesaurus*, copyright 1996, under reference #475.4, means, “savings and loan association, credit card company, mortgage company.” In the same source, **financier**, under reference #484.17-18, is a, “moneychanger, moneylender, treasure of the US, chairman of the Federal Reserve System, tycoons, magnate.”

And reference #482.10 describes a **financier** as a, “marketer, merchandiser, importer, exporter, dealer, middleman, broker; stockbroker, company promoter, realtor.” And, lastly, in *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 410, a **financier** is also a banker, rich man, large-scale investor, and millionaire.

From these respectable sources, we can affirm the manner in which Babylon (the United States of America) shall collapse financially. When Babylon (the United States of America) shall be invaded militarily by an

assembly of great nations that shall overpower her, she shall collapse as a nation, as a democracy, and as a superpower. As a result, her system--which includes the circulation of money, the granting of credit, the making of investments, and the provision of banking facilities--shall be lowered in both rank and in dignity.

In addition, all savings and loan associations, credit card companies, and mortgage companies that make huge profits from granting loans and providing credit to the people of Babylon (the United States of America) shall come to ruin. All moneychangers and moneylenders that lend money to the government of Babylon (the United States of America) at interest shall also come to ruin and fall.

The treasurer of the U.S. and the chairman of the Federal Reserve System shall be lowered in the rank, status, and importance; and shall lose their dignity and worth. Even the tycoons and magnates, who are very powerful and influential businessmen in Babylon (the United States of America), shall fall.

Furthermore, all marketers, merchandisers, importers, exporters, dealers, middleman or brokers--who sell or buy goods; or who trade in a particular commodity to engage in economic situations in which supply and

demand interact through the activity of buying and selling; or that bring in from the outside goods from other countries for the purpose of selling them to retailers or directly to consumers--all of these people shall be lowered in rank and in dignity.

Together with these people shall be stockbrokers who buy and sell stocks and other securities for customers in Babylon (the United States of America). Not to mention, the realtors and company promoters who secure financing for and help to organize business for companies or corporations in Babylon (the United States of America), they all shall come to ruin, they all shall fall, and they all shall lose their power.

The collapse of Babylon (the United States of America) as a nation, as a democracy, and as a superpower shall cause all bankers, rich men, large scale investors, and millionaires--who undertake to secure large funds for the government of Babylon (the United States of America) or for any business in Babylon (the United States of America)--shall come to ruin, they shall fall, and lose their power. This is the manner in which Babylon (the United States of America) shall be lowered in rank and dignity, and, ultimately, come to ruin financially.

Up to this point, we have clarified how Babylon (the United States of

America) shall fall politically and financially. We will now expound on how Babylon (the United States of America) shall be reduced to ruin *professionally*.

According to *The Synonym Finder* by J.I. Rodale, copyright 1978, on page 1000, **reduce** is synonymous to cut down, downgrade, slash, bring low, and demote. On page 1056, **ruin** means to impoverish, bankrupt; bring to want. Now, **professional** in *The American Heritage Dictionary, Second College Edition*, copyright 1982, on page 989 is defined as, “performed by persons receiving pay; having great skill or experience in a particular field or activity; one who earns his livelihood as an athlete.”

Another definition for **professional** in *Funk & Wagnall’s Standard College Dictionary*, copyright 1963, on page 1076, is designated as, “connected with, preparing for, or engaged in a profession.” And, **profession** means, “a vocation or occupation requiring advanced education and training, and involving intellectual skills, as medicine, law, theology, engineering, teaching, etc. (according to the *Webster’s New World Dictionary*, copyright 2004, on page 1145-1146).

In keeping with this evidence, we can assert that when Babylon (the United States of America) suffers a military invasion by an assembly of great

nations, and collapses as a nation, all the jobs that are performed by persons receiving pay shall all be cut down, and her people shall be reduced to utter poverty.

In addition, people who have great skill or experience in a particular field or activity shall also be downgraded and they shall be completely impoverished. This includes all those who earn their livelihood as athletes in Babylon's (the United States of America) sports associations, they shall also have their jobs slashed, and they shall go into bankruptcy.

Absolutely no one will escape, even persons who are connected with, preparing for, engaged in, or conform to a vocation or occupation that requires advanced education and training, and involves intellectual skills, as medicine, law, theology, engineering, teaching, etc., they too shall be demoted and be brought to want. To put it in plain words, there shall be no work for the head or the tail. Let us turn to Isaiah 19:15:

*Neither shall there be any work for Egypt (America),
which the head or tail, branch or rush, may do.*

The demise of Babylon (the United States of America) shall be the outcome of the Final Judgment that **בן יהוה** shall execute upon her for all of the crimes and transgression she has committed. Specifically, all

the evil she has committed against the people of the Most High God, יהוה, and the persecution and crucifixion of His Son, יהוה בן יהוה.

יהוה has committed all judgment unto His beloved Son, יהוה בן יהוה, and He shall judge Babylon (the United States of America) indeed. He shall announce His verdict in the midst of the nations, at the United Nations, and give the order for her to be taken, as found in our foundation Scripture in Jeremiah, Chapter 50, verse 2:

... say, *Babylon is **taken***, . . .

The word “take” is extensive in scope and one that is not easy to conceptualize; for this reason, we shall examine this word one final time for this seminar to further explain all that shall come to pass when יהוה בן יהוה administers His Final Judgment upon Babylon (the United States of America).

From our initial authority, *The New Strong's Exhaustive Concordance of the Bible*, copyright 1990, in the Hebrew and Aramaic Dictionary of the Old Testament, under reference #3920, **taken** in Hebrew is *lawkad* and it is translated as, “to capture.” Referenced in the *Bartlett's Roget's Thesaurus*, copyright 1996, reference #418.25, **capture** is the same as, “lay waste.” In the same source, **lay waste**, reference #523.14, is synonymous to,

“devastate, depopulate”; and from reference #76.32, it means to, “attack, nuke.”

From these definitions, we can summarize that when יהוה בן יהוה shall announce His Final Judgment upon Babylon (the United States of America), she shall be invaded militarily, and an assembly of great nations shall overpower her with their instruments of war. This event shall bring about the collapse of Babylon (the United States of America) as a nation, as a democracy, and as a superpower, and she shall come to ruin politically, financially, and professionally.

This assembly of great nations that shall come against Babylon (the United States of America) with their powerful military, naval, and air power, and with the collective armed strength of their respective nation shall overwhelm and weaken her with their mighty weapons, ammunition, guns, and missiles. This includes, helicopters, fighter jets, drones, submarines, ballistic missiles, aircraft carriers, destroyers, gun ships, and tanks. Consequently, Babylon (the United States of America) shall be utterly devastated and heavily depopulated, for the assembly of great nations shall attack and nuke her.

In accordance with the *Webster's New World Dictionary & Thesaurus*,

copyright 1998, Computer Software, **devastate** means, “make desolate, destroy, make helpless, overwhelm.” In the same source, to **destroy** is to, “tear down; demolish; break up or spoil completely; to bring to total defeat; to put an end to; do away with.” While to **depopulate** means, “to deprive of inhabitants”; **attack**, under military attack, includes, “commando raid, air strike, air raid, bombardment, bomb run, infiltration.” And, lastly, **nuke** means, “to attack with nuclear weapons.”

We can conclude that when יהוה בן יהוה shall administer His Final Judgment upon Babylon (the United States of America), an assembly of great nations shall invade her militarily and make her desolate. This assembly of great nations shall tear her down: her monuments and skyscrapers shall be demolished, as well as her extravagant estates shall be broken up and spoiled completely.

Babylon (the United States of America) shall be brought to total defeat. Her power to lead on the world stage shall be put to an end, and her influence among all people shall be done away with, so that she shall never again commit wickedness upon the earth.

This shall be accomplished when an assembly of great nations shall make her helpless, and she shall be wholly deprived of her inhabitants by

way of war. This assembly of great nations shall attack Babylon's (the United States of America's) cities with commando raids, air strikes, air raids and bombardments.

Even the Pentagon and the Capital of Babylon (the United States of America) shall undergo bomb runs and infiltration. Not to mention, all of Babylon's (the United States of America's) municipalities, metropolitan areas, urban areas, and towns shall be attacked with nuclear weapons and she shall be laid waste forever.

To confirm this, we shall turn to the Scriptures for verification. Let us read Jeremiah, Chapter 4, verse 7:

The Lion is come up from His thicket, and the Destroyer of the Gentiles is on His way; He is gone forth from His place to make thy land desolate; and thy cities shall be laid waste, without an inhabitant.

Also let us read Jeremiah 50, verses 3, 11-13, and 22-23:

[3] For out of the north there cometh up a nation against her, which shall make her land desolate, and none shall dwell therein: they shall remove, they shall depart, both man and beast.

[11] Because ye were glad, because ye rejoiced, O ye destroyers of Mine heritage, because ye are grown fat as the heifer at grass, and bellow as bulls;

[12] Your mother shall be sore confounded; she that bare you shall be ashamed: behold, the hindermost of the nations shall be a wilderness, a dry land, and a desert.

[13] Because of the wrath of the Lord, יהוה בן יהוה, it shall not be inhabited, but it shall be wholly desolate: every one that goeth by Babylon (the United States of America), shall be astonished, and hiss at all her plagues.

[22] A sound of battle is in the land, and of great destruction.

[23] How is the hammer of the whole earth cut asunder and broken! how is Babylon (the United States of America) become a desolation among the nations!

Praise יהוה! Praise יהוה בן יהוה! This concludes part 3 of The Final Judgment.

We, the righteous, have nothing to fear, for in the days of Abraham when יהוה destroyed Sodom and Gomorrah, He sent two angels to save Lot and his family from the destruction He brought to those two cities. יהוה בן יהוה is a righteous Judge, and He shall not destroy the wicked with the righteous.

I thank יהוה and His Son, יהוה בן יהוה, for allowing us to decode part of our foundation Scripture, which has verified all of what יהוה בן יהוה has already prophesied. I hope and pray that יהוה continues to bless our minds with the knowledge of יהוה בן יהוה. Praise יהוה!

Praise יהוה בן יהוה! Shalom Alechein.
