

## **The Mysteries Of The Great Image: The Stone That Smote The Image Upon His Feet, Part 2**

Shalom Aleichem. Praise יהוה. Praise יהוה. I would first like to give all honor and glory and praises unto our Lord and Savior, יהוה בן יהוה, who is the most loveable and loving One in all existence. We are the most blessed people on earth because you and I, in our lifetime, have been blessed by the **BLESSED** and —**ONLY POTENTATE**, יהוה בן יהוה. Isn't it a blessing to know that we were born to be here this day to be with our **SAVIOR** and **DELIVERER** and **REDEEMER** and **LIBERATOR** יהוה בן יהוה? Yesterday we did not know who we were. Yesterday we did not know why we were treated different from everyone else. Yesterday we thought we were from America. Oh, but today, we are blessed because our Father, יהוה בן יהוה, has come, and He has taught us that we are the chosen people of God, יהוה; that we are a “royal” priesthood--a peculiar people; and that we are the holy Nation of God, יהוה. Praise יהוה.

I would like to welcome you to this seminar entitled: **The Mysteries Of The Great Image, Part 2**. Today, we are going to talk about **The Stone That Smote the Image Upon His Feet**. Now at this time, let us turn to Daniel 2:34. Please read:

*“Thou sawest till that a stone was cut out without hands, which smote the image upon his feet that were of iron and clay, and brake*

*them to pieces.”*

In Part 1, we validated that this image is the Pope, the head of the Roman Catholic Church. We shall grammatically decode some of the hidden **mysteries** in this Scripture. Let us begin by first decoding the words **thou** and **sawest**. On the authority of the *Webster’s Ninth New Collegiate Dictionary*, copyright 1978, on page 1228, **thou**, “is used esp. in ecclesiastical language and by friends as the universal form of address to a person.” **Thou** is synonymous to, “you.” Let us now look at the word **sawest**. Documented in *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, on page 1156, **saw** is, — the past tense of see.” On page 1174, **see** means, “to visit socially for consultation, to take note of, to consider, to understand the true character or nature of.”

Therefore, although the word **thou** is being used here in an ecclesiastical language by יהוה בן יהוה, a Friend to all, it is also serving as a universal form of address to the whole world. For He shall cause all nations to make a social visit to [www.yahwehbenyahweh.com](http://www.yahwehbenyahweh.com) for consultation, that they might take note of, consider, and understand the true character and nature of this **stone** which He shall cause to **smite** the **image**

upon his feet.

Let us continue to gain a good understanding of the word see. **See** also means, “to meet or to be in the company of.” Now the Scripture that corresponds with this definition is Psalm 68:11. Let us turn there please.

Read:

*“The Lord, יהוה, gave the **word**: great was the **company** of those that published it.”*

The word **see** is allowing us to understand that the reason why the world must come to our website for social consultation is so they can meet and be in the company of the only people on the earth who have been given the **WORD** of יהוה בן יהוה to publish throughout the whole world.

The word **saw** or **see** also stands for “visualize.” In *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, on page 1433, **visualize** is defined as, “to form a mental **vision** of.” **Vision**, on page 1432, is defined as, “unusual competence in discernment or perception; intelligent foresight.” The Scripture that is in agreement with these definitions is Proverbs 29:18. Let us turn there please.

Read:

*“Where there is no **vision**, the people **perish**: but **he that keepeth the law, happy is he.**”*

In יהוה בן יהוה is supreme, keen, unusual competence in discernment and perception: For He possesses supreme intelligence and foresight into “all” things. In that we are returning to keeping and practicing His laws, the people of earth are witnessing that יהוה בן יהוה has given us **unusual** competence in discernment and perception of words as well as intelligent foresight into the interpretation of the Scriptures. Praise יהוה.

Let us proceed further into the hidden mysteries by looking into the word discernment, coming from the definition of **see**. In the same book, on page 375, **discern**, the root of the word **discernment**, means, “to perceive (something obscure or concealed); to separate by sifting, to distinguish between.” On page 1181, the word **separate** is another way of saying, “to divide.” On page 1203, **sifting** is described as, “to examine closely and carefully.”

These definitions tell us that as the world comes to our website for social consultation, they shall recognize that יהוה בן יהוה has given us unusual competence in perception, and we have readily perceived those things which were obscure and concealed. They shall acknowledge that because of the intensity in which we are examining closely and carefully that which is written, we are able to fundamentally distinguish between truth and falsehood and, therefore, rightly divide the word of truth, as commanded in 2

Timothy 2:15, and it reads:

*“Study to shew thyself **approved** unto God, יהוה, a workman that needth not to be ashamed, **rightly dividing** the word of truth.”*

From the *Webster’s Seventh New Collegiate Dictionary*, copyright 1963, on page 237, **discern** also alludes to, “a power to see what is not evident to the average mind; to detect with the eyes.” On page 225, **detect** means, “demodulate.” **Demodulate** on page 219 is translated as, “to extract the intelligence from a modulate radio signal.” It also means, “to extract (information from a modulate carried wave). **Extract** means, “to draw out, usually with special effort or skill.” **Modulate**, means, “to alter or adapt (the voice) according to the circumstances . . .” According to *Merriam-Webster’s Computer Dictionary*, **wave** is described as, “motion with the hands; to follow a curving line; move loosely to and fro; to swing (something) up and down; to gesture with (an object) in greeting.”

Now we can assert from these facts that the world can now see that יהוה בן יהוה has given us the divine power to see what is not evident to the average mind and to detect with our eyes that which has been altered and adapted according to circumstances. Subsequently, we are now able to draw out concealed intelligence with special effort and skill, and we are using this special effort and skill to follow all the “curved” lines of writings by those

who are moving loosely to and fro throughout the earth making motions with their hands (the cross), swinging something up and down, and making gestures with an object in greetings.

**Modulation**, from *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, on page 844, is described as, “the harmonious use of language, as in prose.” In accordance to *The Random House Dictionary Of The English Language*, copyright 1966, on page 806, **language** is defined as, “the body of words and systems for their use common to a people who are of the same nation.”

So when the immoral rulers of this society translated the Bible from its harmonious Hebrew body of words and systems that were common to us, the Hebrew people, they altered and adapted our body of words and systems for “their” common use and according to “their” circumstances. During this process, they changed the truth of יהוה into a lie and, subsequently, caused the people of the earth to worship and serve the creature, the devil, more than the **Creator**, יהוה, as written in Romans 1:25, let us turn there please.

Read:

*“Who changed the truth of God, כִּיהוָה into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen.”*

Let us continue examining Daniel 2:34, “*Thou sawest...*” as we continue to decode the word **saw** or **see**. Since **prose** is a part of the definition of **modulation** (“the harmonious use of language, as in prose”), let us take a look at the word **prose**. On the authority of *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, on page 1050, **prose** is interpreted as, “direct or straightforward discourse.” **Discourse**, on page 376, denotes, “the process of reasoning.” As referenced in *The Random House College Dictionary*, Revised Edition, copyright 1988, on page 1055, **process** is defined as, “a series of progressive and interdependent steps by which an end is attained; a set order of doing a thing, a method of conducting affairs.”

יהוה בן יהוה has blessed us with a direct, straightforward way of reasoning through the process of His **Ten Step Study Method**, which is a series of progressive and interdependent steps by which the end “the truth-- can be attained. This is a “set order” for doing a diligent inquiry into the very nature of words. Following this method requires us to deduce, remove, and reverse that which has been altered or adapted according to the circumstances of the Pope and his angels. יהוה בן יהוה gave us this “divine” method as a means of conducting affairs into what was changed from a straightforward course to a crooked course; from a direct course, to

an indirect course through their writings as well as their false teachings. The Scripture that backs this up is Proverbs 2:15, let us turn there please. Read:

*“Whose **ways** are crooked, and they **froward** in their paths.”*

In spite of the crooked ways of the wicked, יהוה בן יהוה is here making the crooked things straight, according to Isaiah 45:2-3, let us turn there please. Read:

*—I will go before thee, and **make** the crooked places **straight**: I **will break in pieces** the gates of brass, and cut in sunder the bars of iron: and I will give thee the treasures of **darkness**, and hidden riches of secret places, that thou mayest know that I, The Lord יהוה, which **call** thee by name, am the **God** of Israel.”*

Praise יהוה! You and I are **His** witnesses, for truly our minds were once in spiritual darkness and blindness concerning the Scriptures. This is truly the blessing of our **Father**, יהוה בן יהוה. **He** has demonstrated that **He** has not forsaken us by allowing us to enter into **His** course, His perfect **Ten Step Study Method**. He has given us the power of reasoning that we might uncover the treasures of the words that are hidden in the darkness of our minds, as well as to discover the hidden riches of the secret places in the Scriptures. This straightforward course allows us to be able to discourse on the right course, the direct course, the correct course, and the proper course.

Now let us continue on this course of Daniel 2:34, *“**Thou sawest...**”*

According to *The Random House Dictionary Of The English Language*, copyright 1966, on page 1272, **saw** denotes, “a sententious saying.” Documented in the *Webster’s Third New International Dictionary*, copyright 1971, on page 2068, **sententious** means, “full of meaning and wisdom.” Also on page 1300 in *The Random House Dictionary Of The English Language*, copyright 1966, **sententious** is described as something, “abounding in pithy aphorism.” While **pith** on page 1098, is considered as an, “essential part”; **pithy**, on the other hand, is defined as, “vigor or substance.”

Therefore, we can establish from these facts that the world shall come to know that יהוה בן יהוה has given us a series of progressive and interdependent steps “divinely” designed to follow a set order and method to conduct a “diligent” inquiry into the meaning of words that we might attain an understanding of their essential parts and sayings. With this understanding, we are able to give application that is full of meaning and wisdom as well as substance and vigor concerning the affairs of this **stone**, which **smote** the image upon his **feet**.

Now let us examine the word **aphorism** (coming from the word sententious). In the same book on page 69, **aphorism** means, “a terse saying embodying a general truth.” **Terse** on page 1466 describes something that is,

“neatly or effectively concise.” **Concise** on page 302, is regarded as, “the stating of much in few words, by removing all the superfluous or expanded details.” Documented in the *Webster’s New World College Dictionary*, copyright 2000, on page 65, another definition of **aphorism** is, “a short pointed sentence expressing a wise or clever observation.”

Therefore, the word **saw** is affirming that Daniel 2:34 is a neatly or effectively written saying that embodies a general truth that has been written in short pointed sentences, expressing or stating wise or clever observations of much in few words. Therefore, those who come to us socially for consultation shall show acceptance of the validity and reality of the truth about the stone that smote the image upon his feet: for they shall admit that we could only expose this truth by first removing all the superfluous and expanded details in this Scripture, meaning details that are not needed, details that are redundant, and details that exceed what is sufficient or necessary to attain the truth. Praise יהוה.

**Sententious** also means epigrammatic. The prefix **epi-** means, “attach to.” **Grammatic**, according to *The New Century Dictionary*, copyright 1944, on page 676 is characterized as, “pertaining to letters, words, and characters of a language; grammar.” *The Random House Dictionary Of The English Language*, copyright 1966, on page 806, describes **language** as,

“linguistics.” According to *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, page 572, **grammar** is categorized as, “the study of language as a systematically composed body of words that exhibit discernible regularity of structure (morphology) and arrangement into sentences (syntax), the meaning of words (semantics), and the history of words (etymology).” **Grammatical** is defined as, “conforming to the rules of grammar.”

Therefore, *Thou sawest...* is calling to our attention that the world shall notice that we, the servants of יהוה בן יהוה, are returning to being the “original” morphologists and epigrammatists we once were. For we are exhibiting that we have studied the systematically composed body of words, letters, and characters in the English, Greek, and Hebrew languages, and are therefore able to exhibit with discernible regularity, through the **Ten Step Study Method**, that we now know how to consider the structure of words; that we can now put in order a connected system or orderly arrangements of word forms to show their harmonious, mutual relations in sentences; that we now know how to gather and deduce the different meanings of symbols; and that we now know how to study words from their historical transmission, while at the same time conforming to the rules of grammar. Praise יהוה.

For this is also one of our enemy’s greatest fears: that יהוה בן יהוה

would cause us to return to our true history, culture, and **language**. This fear that they are so concerned about was made manifest on the television program, *The Universe of יהוה*. The Scripture where this can be found is Matthew 27:64, let us turn there please. Read:

*“Command therefore that the sepulchre be made sure until the third day, lest His disciples come by night, and steal Him away”*

On *The Universe of יהוה*, the servants of יהוה בן יהוה confirmed that the phrase **come by** means, “to acquire,” and that **acquire** means, “to achieve a native command of (a language or linguistic rule).” The **great image**, the rulers of darkness, knew that as long as they were able to keep us cut off from achieving a native command of the English **language** or linguistic rule, we would not be able to recognize the lies and deception in their “literal” interpretation of the Scriptures, such as in Matthew 1:1, which says,

*“The **book** of the **generation** of Jesus **Christ**, the son of David, the son of Abraham.”*

Most of us, before the coming of יהוה בן יהוה, can testify to the fact that this is just the way we read that in the past: never asking a question about that Scripture; and many people, even to this day, still read it that way. However, it is only through the teachings of יהוה בן יהוה, **The Supreme**

**Morphological One**, that we are now able to recognize that within the **syntactical** structure of this Scripture, the **linguistic** rule has been violated--orthographically. Let us prove our point.

According to *The American Heritage Dictionary Of The English Language*, New College Edition, copyright 1979, on page 928, **orthography** is defined as, “the art of correct spelling according to established usage.” When the wicked rulers of this society artfully translated the Bible from the original Hebrew to Greek and ultimately to English, they did not put it back in the correct spelling according to established usage as decreed by יהוה. When they altered and adapted the correct spelling of the name יהוה בן יהוה to “their” circumstances, they took out of order the correct spelling of the name of the Son of יהוה and substituted it with the “false” spelling J-E-S-U-S--JESUS, by composing and putting together an orderly arrangement of English letters. And by doing this, they have deceived the whole world by causing the people to believe this invented English name is the proper spelling of the name of the Son of **God**, יהוה. As a result, they teach in their religious institutions that there is none other name under heaven given among men, whereby they must be saved (Acts 4:12), which is a wicked lie. This proves that the **linguistic** rule was violated not only in this particular Scripture, but also throughout the entire New Testament. Praise

יהוה.

Now let us continue with the composed body of words in Daniel 2:34: “*Thou sawest till that a **STONE** was cut out without hands,...*” The word **stone** has prophetic significance. The facts and the evidence as to who this **stone** represents today are documented in the *Webster’s New World Dictionary Of The American Language*, copyright 1960, on page 1437, which affirms that **stone** is, “a precious gem.” According to the *Webster’s Third New International Dictionary*, copyright 1971, on page 1784, **precious** is defined as, “of great value or high price; very highly esteemed or cherished.” Documented in the *American Heritage Dictionary Of The English Language*, New College Edition, copyright 1980, on page 548, **gem** is described as, “a beloved or highly prized person.” Consequently, the word **stone** represents factually one of great value or of a high price. This stone is comprised of a beloved or highly prized group of people.

Then when you break down the word **stone**, the “**S-t**” is an abbreviation for the word saint. On the authority of *Webster’s Third New International Dictionary*, copyright 1971, on page 2000, **saint** is characterized as, “an Israelite; one of **God**, יהוה[‘s], chosen people; one spiritually reborn and sanctified or undergoing spiritual rebirth.” In accordance with *The New Unger’s Bible Dictionary*, copyright 1985, on

page 1112, **saint** also means, “applied to the pious Israelites, the godly ones; the holy ones.” Referenced in *The Random House College Dictionary*, Revised Edition, copyright 1988, on page 929, **one** is defined as, “a single person; being unique in kind for a particular reason.”

Therefore, while the “S-t” in the word **stone** factually represents the **saints, one**, on the other hand, signifies יהוה בן יהוה, that **One Supreme Being**, who is unique in kind for a particular reason. That reason is to resurrect **His saints**, the Hebrew Israelites, you and me, the chosen people of יהוה: the godly ones, the holy ones, the pious ones, and to cause us to become spiritually reborn and sanctified. This stone represents us, the **saints** of the Most High, יהוה בן יהוה, the **precious** sons and daughters of Zion, who have received His precious words from **His “Divine” Mind** through His **Ten Step Study Method**. His words are highly esteemable, most cherishable, of great value, and highly priceless. This is why our enemies, the wicked rulers of this world, have rejected the stone, according to Matthew 21:42. Let us turn there please. Read:

*“יהוה בן יהוה saith unto them, Did ye never read in the scriptures, The stone which the builders rejected, the same is become the **head** of the corner: this is the Lord, יהוה [‘s], doing, and it is marvellous in our eyes?”*

Let us now find out why the builders of this society have rejected the

**stone**. Another definition of the word **stone** is found in the *Webster's New World Dictionary Of The English Language*, which is, "to polish or sharpen." First, we shall define the word **polish**. In the same book **polish** means to, "imbue with refinement." Documented in the *Webster's New World Dictionary Of The American Language*, copyright 1968, on page 373, imbue is defined as, "to fill (the mind, etc.)." In accordance with *Webster's New World College Dictionary*, copyright 2000, on page 712, imbue also means, "to permeate or inspire (with ideals or principles)."

Considering these matters, we can now assert very strongly and positively that יהוה בן יהוה has filled the minds of His **saints** with refinement that has permeated our hearts and inspired us to practice His noble ideals and to follow His moral principles. Since He has filled us with refinement, let us learn what this word means. On the authority of the *Webster's Third New International Dictionary*, copyright 1971, on page 1908, **refine**, the root of the word refinement, means, "to free (as the mind) from moral imperfection, grossness, dullness, earthiness; fine." **Fine** is representative of that which is, "superior in character, nature, or ability; excellent; splendid, skillful, noble, or admirable."

In light of these facts, it is easy to perceive and understand why the wicked rulers of this world rejected this **precious stone**: It is because this

**precious stone** represents the **precious saints**, the Hebrew Israelites, you and me, the chosen people of יהוה, the godly ones, the holy ones, the pious ones who have been spiritually reborn and sanctified through the word of יהוה בן יהוה. Our minds are in the process of becoming free from all moral imperfection, grossness, dullness, and earthiness. For these reasons, we are taking on a superior character, a superior nature, a superior frame of mind, and a superior attitude. We are becoming superiorly splendid, superiorly skillful, superiorly noble, and superiorly admirable, just like our **Father**, יהוה בן יהוה. The wicked rulers of this world have rejected us because they know we are a unique type of people, a special type of people, and a certain kind of people--with “special” skills. Praise יהוה.

Another definition of the word **polish** (which comes from the word stone) is, “to bring to a highly developed state; to transform or eliminate by polishing; a high quality (as of interpretations).” All things considered, we can now see positively why the builders of this society have rejected the **stone**. It is because this **precious stone** constitutes the **precious saints** who have received the **precious** words of the Divine Mind of יהוה בן יהוה. His “divine” teachings have brought us to a highly developed state of mind, therefore enabling us to be transformed by the renewing of the spirit of our minds. Subsequently, our interpretation of the Scriptures is of a “high”

quality, because we are filling our minds with the inspired ideals and principles of יהוה בן יהוה through the application of His **Ten Step Study Method**.

Now the second definition of stone, **sharp**. Documented in the *Webster's Third New International Dictionary*, copyright 1971, on page 2088, **sharp** means, “mentally alert and able; involving a sudden brilliant display of light; aptly and witty; affecting the sense organs intensely.” On the authority of the *Merriam Webster's Collegiate Computer Dictionary*, **sharp** also means, “showing alert competence and clear understanding; quick perception, clever resourcefulness, or sometimes questionable trickiness.”

Therefore, the word **sharp**, without question, is letting us see even further why our enemies have rejected this **stone**: This **polished, precious stone** symbolically represents the **saints** of יהוה בן יהוה, and we are demonstrating to the world that יהוה בן יהוה has made us mentally alert and able. He has made us apt and witty in the knowledge of linguistic rule that is involving a sudden brilliant display of light which is affecting our sense organs intensely: thereby causing us to show alert competence and clear understanding in the interpretation of the Scriptures. His intense light has caused us to have quick perception in the fulfillment of Bible prophecy.

His light has caused us to have clever resourcefulness in decrypting that which has been encrypted for over six thousand years. Together with all these things, יהוה בן יהוה has caused us to have quick alertness--not on “sometimes” questionable trickiness, but on **ALL** questionable trickiness.

Because we are becoming so skillful in such matters, these are the “real” reasons why the builders have rejected us--the stone. Daniel 1:3 and 4 will verify this, so let us turn there please. Read:

*“And the King spake unto Ashpenaz the master of his **eunuchs**, that he should bring certain of the **children** of Israel, and of the king’s **seed** , and of the **princes**;*

*Children in whom was no **blemish**, but well favored and **skillful** in all **wisdom**, and cunning in **knowledge**, and **understanding science**, and such as had the ability in them to stand in the king’s **palace**, and whom they **might teach the learning** and the tongue of the Chaldeans.”*

Take note that Daniel and his Hebrew brethren constituted the few from the King’s seed. יהוה showed them His “divine” **Ten Step Study Method**, so they were without blemish and well favored and skillful in all wisdom, and cunning in knowledge, and understanding in the science of linguistic rule.

This is why Daniel in particular was able to exercise unusual competence in perception and **discernment**. He was able to exhibit superior intelligence and keen foresight, enabling him to render interpretations that were full of meaning and wisdom: which were also full of vigor and

substance. Daniel understood well how to put together neatly and effectively concise bodies of words, systematically composed in a **morphological**, orderly arrangement to show their harmonious, mutual relationship within sentences, thereby showing an unusual alertness and a clear understanding in the interpretation of dreams concerning the doom of the enemy.

Like Daniel and our Hebrew brethren, we are being rejected because we are of the king's seed: we are the seed of Abraham, the seed of Isaac, the seed of Jacob, and the seed of יהוה בן יהוה. So we are that remnant spoken of in Revelation 12:17 that they are worried about. Let us turn there please. Read:

*“And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which keep the commandments of יהוה, and have the testimony of Christ, יהוה בן יהוה.”*

Because we have the testimony of יהוה בן יהוה, the dragon, the wicked builders of this society, have rejected the stone. יהוה בן יהוה is the Perfect Builder who builds on perfection, making Him the Righteous Builder, who is building and establishing the Righteous Kingdom of יהוה. That's why He told us that we don't need a gun for this, all we need is the word of יהוה, which is quick and powerful and sharper than any two-edged sword, according to Hebrews 4:12. Read:

*“For the **word** of God, יהוה, is **quick**, and powerful, and sharper than any twoedged sword, piercing even to the **dividing asunder** of soul and **spirit**, and of the joints and marrow, and is a **discerner** of the **thoughts** and **intents** of the **heart**.”*

Let us continue dividing asunder Daniel 2:34 (“Thou sawest till that a stone was CUT OUT without hands, ...”). Question: What was this stone cut out of? For the answer, let us read Daniel 2:45, please. Read:

*“Forasmuch as thou sawest that the stone was **cut out** of the **mountain** without hands, ...”*

Now that we know that the **stone** was **CUT OUT** of the **MOUNTAIN**, before we define mountain, let us first find out factually and with strong evidence what **cut out** means. On the authority of *The New Century Dictionary*, copyright 1944, on page 366, **cut** means, “to hollow out, separate from the main body.” On the authority of *Webster’s Third New International Dictionary*, copyright 1971, on page 560, **cut** is also defined as, “to free from the custody of, to free oneself from domination, control, restraint, or the influence of.” And documented in the *Webster’s New World College Dictionary*, copyright 2000, on page 358, another meaning of **cut** is, “to make a sudden change, as from one character to another.” **Out** means, “from among others.”

Without question, the world is witnessing that יהוה בן יהוה\* has caused us to make a sudden change in our character. He has hollowed us out

and separated us from among the main body of America. By teaching us the laws of יהוה and our “true” history, He has set our minds free from the custody of America. Being set free from the custody of America means that יהוה בן יהוה has freed our minds from her (America’s) domination, control, restraint, and influence.

Now the word mountain. Documented in *The Random House Dictionary Of The English Language*, copyright 1966, on page 935, **mountain** means, “mountain of men (in the revolutionary legislature) so called because its members occupied the topmost seats or benches in the legislature.” **Legislature** by definition is, “a body of persons who are empowered to make, change, or repeal the laws of a country.” In accordance with the *Webster’s Third New International Dictionary*, copyright 1971, on page 1477, **mountain** is also described as, “**mountain** states of the U. S.”

Therefore, we can conclude from these facts that **mountain** is symbolic of a body of men who occupy the topmost seats and benches in the United States government who have been empowered to make, change, or repeal the laws of man. Our Messiah, יהוה בן יהוה, has come teaching us the **MORAL** laws that were made by יהוה Himself. His moral laws cannot be changed nor can they be repealed by those occupying the topmost seats

and benches in the United States government. יהוה בן יהוה has carved us out of the government of democracy with His mighty word—the truth, and He is raising us up to occupy the topmost seats and benches in the Government of Theocracy--the government of יהוה--that shall stand forever (Daniel 2:44)!

From this same source, the word **mountain** also means, “crisis.” **Crisis** describes, “a situation that has reached a critical phase.” The government of America is suffering from an economic situation that has reached a critical phase, because America has ignored the voice of the **one Man**, יהוה בן יהוה, crying out in the wilderness of America. Over twenty years ago, יהוה בן יהוה sent **ALL** who occupied the topmost seats and benches in the government of America His book, *יהוה Judges America*, warning them of the inevitable destruction of America and what they could do to avoid such crises. Because they ignored His cry, they are now suffering from an unrecoverable economic crisis that has reached far beyond a critical phase: it is at the “**lethal**” phase.

Thousands upon thousands of businesses have shut down (Enron, WorldCom; Kmart); those that have not shut down are going through a serious financial crisis (McDonald’s, Burger King, KFC, Macy’s, and Bloomingdale’s). Many in the auto and airline industries have either shut

down or are going out of business (General Motors, United Airlines, American Airlines; US Air; Delta). Thousands of companies and people have filed for bankruptcy; unemployment is at its most critical phase ever, and the “inflated” stock market is at death’s door. As a result of the financial crises in America, the whole world who depends upon her is also suffering the same fate: Japan, China, Great Britain, Germany, Russia, Venezuela, to name a few. The world shall soon realize that the money has failed, just as in the days of Joseph (Genesis 47:15).

And above all, America is also suffering the greatest spiritual crises ever: as in the largest religious institution in the world, the Roman Catholic Church, where pedophilic priests all over the world have sexually abused thousands of young boys and girls. Our Savior, יהוה בן יהוה, has hollowed and carved us, His **saints**, out from among these financial, moral, and spiritual crises in America by causing us to enter into the A-sexuality of His Divine Mind. Praise יהוה.

Now to further prove how this stone was cut out of the mountain without hands, let us go back and read Daniel 2:45. Read:

*“Forasmuch as thou sawest that the stone was **cut out** of the mountain without hands,”*

Hold it right there. That is a comma. In order for us to understand the

importance of the comma, we must understand the **nature** of the comma. According to grammatical rule (in *The Handbook for Writers*, copyright 1950, on page 104), the comma is, “by far the most important internal mark of punctuation, structurally it functions as a separator, separating items from a series.” Referenced in *The Random House College Dictionary*, copyright 1988, on page 696, **internal** is described as, “existing solely within the individual mind; intrinsic.” So the comma is further proving, even beyond a reasonable doubt, that existing **SOLELY** within the Divine Mind of יהוה בן יהוה is the superior intelligence to free His servants from the domination and influence of those occupying the topmost seats and benches in the United States government without their involvement or participation. These are the series of events that are by far the most important in declaring יהוה בן יהוה “solely” as the “Chief” Separator.

Now Daniel 2:34 tells us that the enemy is upset because the world is witnessing that יהוה בן יהוה has cut out His stone, His saints, **WITHOUT HANDS**. To understand what this means, let us define both of these words. Reference in *The American Heritage Dictionary*, Fourth Edition, Computer Software, copyright 2002, the word **without** means, “not having; not accompanied by; in the absence of, and outside.” In the same source, the word **hands** is described as, “the strength or force of one’s position;

jurisdiction; involvement or participation; an influence; power; permission; and commitment or agreement.”

יהוה בן יהוה is hollowing the stone, His saints, out of the government of America even while not having the strength and force of those occupying the topmost seats or benches in the government. Even while not being accompanied by the jurisdiction of the American government, יהוה בן יהוה is separating our minds from the control of the American mindset. In the absence of any involvement or participation on the part of the American government, יהוה בן יהוה is setting us free from her domination over us.

And that is not all, יהוה בן יהוה has caused us to make a sudden change in our character, even in the absence of any influence from the powers that be. And above all, He is freeing our minds from the restraints the American government put upon us, and He is doing this without its permission, without its commitment, and without its agreement. Praise יהוה!

Let us continue with Daniel 2:34: —*Thou sawest till that a stone was cut out without hands, which SMOTE the image...*” Question: In what manner are the saints of יהוה בן יהוה **smiting** this image? Now let us take a look at the word **smote**. On the authority of *The Random House Dictionary Of The English Language*, copyright 1966, on page 1346, **smote** is, “a past

tense of **smite**.” **Smite** on page 1345, means, “to strike.” **Strike** on page 1407 is defined as, “to cause (chill, warmth, etc.) to pass or penetrate quickly; to enter the mind of; to make an impression on the mind, senses, etc. as something seen or heard; to implant or induce (a feeling) to strike fear in a person.”

These facts provide us with strong and convincing evidence that this **stone**, the **saints** of יהוה בן יהוה, who have received His word, have acquired some special knowledge and skills: the word of יהוה בן יהוה, which is quick, and powerful, and **sharper** than any two-edged sword, meaning words that cut both ways: left and right as well as up and down. And, above all, we know how to skillfully use His word to cause warm chills to pass or penetrate quickly into the minds of the enemy. What we are speaking and writing is making a strong impression on the minds and senses of those who occupy the topmost seats and benches in the government of America. In fact, what they are reading and hearing on the Internet and seeing on *The Universe of יהוה* is being deeply implanted in their minds and is inducing great fear, a feeling that is paralyzing them and all nations with insurmountable dread, which is the fulfillment of Deuteronomy 2:25, let us turn there please. Read:

*“This day will I begin to put the **dread** of thee and the **fear** of*

*thee upon the nations that are under the whole heaven, who shall hear report of thee, and shall tremble, and be in anguish because of thee.”*

The nations are hearing reports of “The Commandments of יהוה” and “The Messiah Revealed” on our **television** program, *The Universe of יהוה*, and they are in great anguish. They are visiting the Internet and reading the “Shocking Revelations” of the saints of יהוה בן יהוה. For these reasons, know that the dread of יהוה is upon this **great image**--the Pope, his angels, America, and all countries joined onto them--and they are trembling. Praise יהוה\*!

Now let us examine the word **strike** from yet another perspective. On the authority of *The Random House College Dictionary*, Revised Edition, copyright 1988, on page 1301, **strike** means, to take apart or pull down; to lower; separate with or as if with a cut (usually fol. by *off*); to arrive with detrimental affect; to remove from the stage.”

All the nations that are under the whole heaven are witnessing that יהוה בן יהוה has raised up His saints with superior knowledge, and has given us unusual competence in discernment and perception of the Scriptures. Using our intelligent foresight and superior power of mind, we are making shocking revelations that are causing the people to question these false religious institutions. Because they don't have answers, they are being

taken apart and pulled down to a lower position where they belong. As a result of our profound interpretations of Bible prophecies, the dread is upon all the nations that are under the whole heaven because these prophecies are having a detrimental affect upon them, for they now realize that they are about to be removed from the world stage to take their part in the lake of fire burning with fire and brimstone, according to Revelation 20:10, and it reads:

*“And the devil that deceived them was cast into the lake of fire and brimstone, where the beast and the false prophet are, and shall be tormented day and night for ever and ever.”*

Continuing on the same page, **strike** (from the word smite) is also defined as, “to affect deeply; to afflict suddenly, as with disease, suffering, or death; to assume (an attitude or posture); to proceed or advance, esp. in a new direction; a single blow, but usually a strong one and definitely aimed; often with a tendency to displace the object struck; to strike repeatedly.” Thus, the **truth** that the servants of יהוה בן יהוה are making known to the world is affecting deeply those occupying the topmost seats and benches in the America government. And that is not all, but it is also afflicting suddenly all the nations that are under the whole heaven: while they are dis-eased and suffering a mental death, they are trying to assume an attitude or posture that they are not. However, the message of the saints of יהוה בן יהוה is making such an impression upon the minds of the people that the deceivers and false

prophets are beginning to proceed or advance in a new direction, according to Revelation 20:3, which reads in part:

*“And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more,...”*

When the servants of יהוה בן יהוה drop 10-15 seminars on the Internet at one time, this constitutes a single blow to the head of the devil—the Pope and his angels. These are shocking revelations that are very strong, and definitely aimed to strike repeatedly upon the minds of the wicked with the tendency to displace their immoral teachings with the **MORAL** teachings of יהוה בן יהוה.

Now, one final look at the word **strike**, which means, “to affect (with passion or emotion); to **strike** with amazement, to bring distress or grief to.” **Amaze**, the root of the word amazement, means, “to overwhelm with surprise or wonder; astonish greatly; to bewilder; dumfound, or perplex.” Therefore, we can now very strongly and positively declare that the manner in which the **stone**, the saints of יהוה בן יהוה, is **striking** the false **image** upon his **feet** is being done with much passion, causing him and his angels to experience emotional trauma and bringing great distress and lasting grief to all wicked, lying deceivers who have falsified the truth of יהוה בן יהוה in the minds of the people.

This **precious polished stone** is overwhelming them with surprise and causing great wonder in the minds of the enemies of יהוה. With the word of יהוה בן יהוה, this **sharp precious stone** is astonishing greatly the minds of the wicked with bewilderment. The word of יהוה is causing them to become completely dumfounded and extremely perplexed. Praise יהוה. However, the next word we shall define is feet, which will explain the cause for these perplexities.

Now remember in Part 1, we found out that the image in Daniel 2:34 is the Pope, and the **feet** represent his well-established foundation of sacred colleges of cardinals, which consist of congregations, ecclesiastical committees, and his patriarchs. We also learned that his **legs** are his archbishops, apostolic delegates, vicar, and any other high-ranking officials or magistrates inside the Roman Catholic Church. The **feet** are also symbolic of a weakness or defect of character; a hidden weakness discovered in someone **idealized**. People all over the world have idealized the Pope and his angels; however, today, they are completely dumbfounded and perplexed because their hidden weaknesses--their pedophilic practices--are being exposed. They are in great bewilderment because the world now knows that the Roman Catholic Church is a place of shelter for those who have strong sexual desires for young boys.

The next definition of **feet** will bring this whole matter to a conclusion and reduce it to its lowest denominator. According to the *Webster's Third New International Dictionary*, copyright 1971, on page 1663, **ped-** means, "more at foot; a creature having (such or so many) feet." Now this is not just talking about some little creature running around with many **feet**. Not so. Let us take a look at the word creature. **Creature** on page 532, means, "a human being: a person." **Pedophilia** means, "paraphilia in which children are the preferred sexual object. A child, or boy." This is talking about a person--people, the Pope, and his many **pedophilic** members who prefer young boys as sexual objects.

Now let us continue gaining further understanding by looking at another word from **feet**, which is **pedestal**. In the same book on page 1664 **pedestal** is **described** as a, "position of esteem, exalt; to elevate in position." Now let us look at the word paedomorphism. **Paedomorphism** on page 1619, means, "retention in the adult of an infantile or juvenile character." **Retention** on page 1938 means, "the act of retaining; abnormal **retaining** in a tissue of the body of fluids or secretion which is to be avoided." While this is telling it just like it is, it is openly exposing the wicked practices of the Pope and his Roman pedophilic **creatures** who hold positions of esteem and have exalted and elevated themselves in positions of great trust, respect,

and power so they can gain the confidence of young boys and lure them to their parishes. Then they use them to indulge in “abnormal” sexual acts, by retaining their genitals in the tissue of the body fluids or secretion of these young boys, which the Bible says should be avoided (Leviticus 20:13).

We are dealing with “abnormal” **retaining**.... According to the *Oxford Universal Dictionary*, copyright 1933, on page 1721, **retain** the root of retaining means, “to keep in custody or under control; to hold fixed in some place or position.” **Fixed** is defined as, “supplied with or having enough of something wanted.” The word **pedophilia**, which is part of the **feet** or the foundation of the Roman Empire, tells us that the wicked **pedophilic** Roman devil **creatures** are running around from one parish to another under the guise of being holy so as to convince the parents of young boys that they are worthy of keeping them in their custody and under their control: that they might hold them fixed in their parishes so they can be supplied with or have enough of something wanted: abnormal SEX.

From the word **retention**, we learned that it is an **act** (“ . . . the act of retaining”), which will explain why this practice has been able to go unreported for so long. According to *The Random House Dictionary Of The English Language*, copyright 1966, on page 14, **act** means, “a decree, a formal decision, law, by a ruler.” **Decree** on page 376, means, “an ordinance

promulgated by **civil authority**.” So we see here that the pedophiles are under an ordinance that was made by a formal decision, enacted into law, and promulgated by civil authority with the permission of the ruler of the Roman Empire--the Pope.

According to the *Black's Law Dictionary* copyright 2000, on page 195, **civil law** is equivalent to civil authority, and it is described as, “one of the two prominent legal systems in the Western World, originally administered in the **Roman Empire** and still influential in continental Europe, Latin America, Scotland, and Louisiana, and among other parts of the world. **Roman Law**: The body of law imposed by the state, as opposed to “**MORAL**‘ law.”

Therefore, we can factually conclude that the words **pedophilia**, **paedomorphism**, and the word **retention** tell us that the Pope set up a prominent legal system that was originally administered in the Roman Empire to protect the abnormal sexual practices of his angels. Although this legal system was first administered in the Roman Empire, it is not just influential in continental Europe, Latin America, Scotland, and Louisiana, it is influential in **ALL** parts of the world. These bodies of law were imposed by the Roman Empire to blantly oppose the moral laws of God, יהוה.

Acts 5:11 and 12 affirms that these would be the signs and wonders

that would bring great fear upon all the wicked in the last days. Let us turn to there please. Read:

*“And great fear came upon all the **church**, and upon as many as heard these things.*

*And by the hands of the **apostles** were many signs and wonders wrought among the **people**”;*

When you see the servants of יהוה בן יהוה achieving a native command of a language or **linguistic** rule and decoding the Scriptures with discernible regularity from their morphological, syntactical, semantical, etymological, and orthographic arrangement in sentences, know of a surety that this is “the” sign that we are the **precious stones** of יהוה בן יהוה who are revealing the truth about this great image--the wicked rulers of this world who oppose the **righteous, moral** laws of God, יהוה.

As His **precious stones**, His **polished stones**, His **sharp stones**--the Hebrew Israelites, you and me, the **saints** of the **Most High**, יהוה, the godly ones, the holy ones, the pious ones who have received **His Divine Mind** through His **Ten Step Study Method**--we are demonstrating and showing the world that יהוה בן יהוה has raised us up to meet the occasion: and that is to show that He has carved us out of the mountain of America without her permission, and He has freed our minds from the custody, domination, control, restraint, and influence of those sitting in the topmost seats and

benches in the democratic government of America. Our Messiah, יהוה בן יהוה, is raising us up to keep and to practice the **MORAL**, **RIGHTEOUS** laws of God, יהוה, so we can sit in the topmost seats and benches in the government of Theocracy--the government of יהוה--that shall stand forever! Praise יהוה!
