

WHO IS WORTHY TO OPEN THE BOOK AND LOOSE THE SEALS THEREOF? PART TWO

*“The Glory of 8-8: ’ * > ’ 8-8:.”*

All praises be to the ONE WORTHY to be praised. For it is, 8-8: whom reveals and none other. The revelations that we have witnessed throughout the years and that are more intense today is the brightness of the Son 8-8: ’ * > ’ 8-8: as He comes in the Glory of His Father. All glory be to the one worthy of all praises, benevolence, honor and high esteem! Praises be to the Glorious Son 8-8: ’ * > ’ 8-8:.

Welcome to this second part of, Who Is Worthy To Open The Book and Loose the Seals Thereof. We learned in part one that the mighty angel proclaiming, Who Is Worthy to Open the Book and Loose the Seals Thereof, was in fact, the disciples of 8-8: ’ * > ’ 8-8:.. The mighty angel in Revelation 5 verse 2 was found prophesying that it is 8-8: ’ * > ’ 8-8: the Only One Worthy! It was also revealed that when His disciples demonstrate their power to decipher the Holy Scriptures, it would be a sign of the Son of Man 8-8: ’ * > ’ 8-8:, and then all the tribes of the earth will mourn and they shall see, perceive and recognize the SON OF MAN coming in the clouds of scandal, blot on his escutcheon (a stain on his reputation), slander, humiliation with a great multitude with POWER and GREAT GLORY.

For this second part of this series we will decode Revelation chapter 10 verse 1 using the only method to untangle the scriptures, which is the 10-step study method. As we continue to proclaim with a loud voice and demonstrate our power to decipher. Let us turn to Revelation chapter 10 verse 1.

“And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire.”

In order to see the conditions in this scripture, we will begin to decode the word *and*. This scripture is extremely colorful. And just by examining it from a literal perspective it can easily distract the mind. The mighty angel in this scripture is a falling one. It is in fact a mighty government, more specifically the government of the United States of America. The symbolisms within, such as the rainbow upon his head, his face and his feet are well-known politicians, US agencies and world leaders that will be identified. Before, I reveal the entire scripture, let me stop and begin to decode the words, starting with *and*.

The word, **and**, in the *Random House Webster’s Collegiate Dictionary*, © 1999 on page 49 is defined as, “(used to introduce a consequence or conditional result):” We will stop here and define the words *used* and *introduce* to see what is happening. First the word *used*. **Used** in the *Random House Webster’s Collegiate Dictionary*, © 1999 on page 1437 is defined as, “employed for a purpose.” **Employ** the root word of *employed* is defined on page 431 as, “to **engage** the services of (a person or persons); HIRE.” **Engage** in the *Random House Webster’s Collegiate Dictionary*, © 1999 on page 436 is defined as, “to occupy the attention and efforts of; involve. To enter into conflict with.”

From these facts we can see that the attention, involvement, effort, and services of a person or persons are being engaged to enter into conflict.

Conflict, in the *Webster’s New Collegiate Dictionary*, © 1973 on page 237, “to contend in warfare.” **Service** from ‘*to engage the services*’ from the word *employ*

taken from *used* which derived from the word *and*, is defined in the *Random House College Dictionary*, © 1988 on page 1202 as, “the armed forces.” And lastly, **armed forces**, on page 74 is defined as, “military, naval, and air forces, especially of a nation or of a number of nations.”

We can see that the conditions in the beginning of this scripture, is describing a contention of war. One that is being used to engage, involve, occupy the attention and efforts of the armed forces, which consist of the military, naval, and air force of the United States, as well as, a number of nations.

To understand more of what is going on in this scripture we must scrutinize the word *engage* which was taken from the word *employ* from the definition of *used* derived from our key word *and*. **Engage** in the *Bartlett's Roget's Thesaurus* is categorized under reference #418.7 with, “terrorist attack, terror tactics, hostage taking and kidnapping.”

Does this not sound like CNN, ABC, NBC and CBC's ‘news alert’ to you? This is blatantly obvious that the government of the United States is using the media to engage the minds of the American people to contend in war. And through terror tactics, they are publicizing terrorist attacks in other parts of the world (particularly the middle east), hostage takings (of embassy, teenagers and children) and kidnappings of little girls—all for a purpose. What is this purpose? So that the American people will feel victimized, frightened and terrorized. Not, just from taking a plane outside of the country but from some criminal kidnapping their children. The government of United States is terrorizing the American people through the media with a convincing message that they are insecure in their own homeland.

To find out more about the government's purpose we must define the word *purpose*. **Purpose** which was taken from the definition, "*employed for a purpose*" from the word *used* derived from *and*, is defined in the *Webster's New Collegiate Dictionary*, © 1973 on page 937 as, "a subject under discussion or an action in course of execution." **Subject** from *subject of discussion* derived from the word *purpose* is defined in the *Webster's New Collegiate Dictionary*, © 1973 on page 1159 as, "to bring under control or dominion: SUBJUGATE. **Subjugate** in the *Bartlett's Roget's Thesaurus*, reference #832.10 is categorized with, "take away one's freedom and rob of freedom."

Thus, the government's purpose for terrorizing the American people is to take away and rob them of their freedom through fear. Thus, having them under their control and dominion.

To understand more of their wicked plans of control and dominion we must continue to examine the definition of the word *and*, to see what is being introduced. Again, the word, **and** is defined in part, "*used to introduce...*" **Introduce** is referenced in the *Random House College Dictionary*, © 1988 on page 700 as, "to present for official consideration or action, as a legislative bill."

The government's plan to have control and dominion over the people is being introduced for official consideration as a legislative bill. In order to identify this bill we must define the word *official* and then *legislative*. First, the word *official*. **Office** the root of *official* on page 923 means, "an operating agency or division of certain departments of the federal government." Therefore, what is being introduced for consideration is an operating agency and division of the federal government. We will now define *legislative*, from legislative bill. **Legislative** in the *Webster's New Collegiate Dictionary*, © 1973 on page 657 is

defined as, “compare executive, judicial.” **Executive** on page 400 means, “of or relating to the execution of the laws and the conduct of public and national affairs.” **Affairs** on page 19 is defined as, “a matter occasioning public anxiety, controversy, or scandal: case.”

From these facts we can conclude that the legislative bill that is being presented for official consideration for an operating agency of the federal government that which will have the authority to execute laws, as well as, conduct public and national matters occasioning public anxiety, controversies and scandals, is the Homeland Security Department.

In order for us to understand the next phase of the scripture in Revelation chapter 10 verse 1, some key information retrieved from articles about the Homeland Security bill will be read. This information is taken from www.cnn.com, all politics section dated July 30th, 2002, entitled, “*Senate Democrats slow pace of Homeland debate.*”

*“Republicans immediately accused Democrats of needlessly delaying popular legislation intended to better protect Americans from terrorism. The GOP-led House passed the measure last week, with leaders hoping to get the bill to Bush by September 11. But Byrd, chairman of the Appropriations Committee and, at 84, the longest-serving Democrat in the Senate, questioned whether lawmakers have “completely taken leave of our senses” by moving too fast. “If ever there was a need for the Senate to throw a bucket of cold water on an overheated legislative process that is spinning out of control, it is now,” Byrd said from the Senate floor. He was backed up by Majority Leader Tom Daschle, D-South Dakota, who told reporters later the senate should take a bit more time to fully examine the president’s plan **to merge 22 agencies into a single Cabinet department with 170,000***

employees. The plan Daschle said, “is the single biggest reorganization of the federal government in my lifetime.”

Senate panel curbs intelligence power of new agency, retrieved from www.cnn.com all politics section dated, July 24, 2002, “The legislation still would create an intelligence division whose analysis would cover all aspects of American life. Some senators had expressed concern that Liberman’s original bill was setting up a “superagency” with total control over intelligence operations.”

Let us keep this information in mind so as to better understand the reasons for the next phase were going to decode. Let us return to Revelation chapter 10 verse 1, and read the scripture in part.

“And I saw another mighty angel come down from heaven...”

Another is our next word to decode. **Another** in the *Random House Webster’s Collegiate Dictionary*, © 1999 on page 55 is defined as, “one like the first.” **First** in the same source on page 494 means, “being a member of the household or an intimate acquaintance of the president of the U.S. or of the governor of a state.” We will first explain, “a member of the household” and then ‘an intimate acquaintance.’ **Household** is a compound word made of two words, *house* and *hold*. However, we will only define *house*. **House** in the *Bartlett’s Roget’s Thesaurus* #49.21 is categorized with, “cabinet, Congress, Senate, House of Representatives, Supreme Court, etc.” The other member is, ‘an intimate acquaintance of the president of the U.S. and of a governor of a state.’ **Intimate** in the *Bartlett’s Roget’s Thesaurus* reference #752.10 as, “corporate.”

Therefore, we can see that *another* is talking about politicians (members of the House of Representatives, Congress, Senate, Supreme court, etc.) as well as the corporate acquaintances, associates and friends of the President of United States and governors of states.

Now, we will decode *mighty angel*, from the scripture in Revelation 10:1. **Mighty** in the *Bartlett's Roget's Thesaurus* #512.8 is categorized with, "in authority." Whereas **angel** under #830.5 in the same reference source means, "the establishment, the power structure." Thus, this mighty angel, are the ones in authority in the power structure, the establishment, which sums up to the government of the United States of America.

Let us continue to decode the scripture to understand what is happening to these politicians and their corporate associates in the United States government. And it reads, in part.

“.. ***come down from heaven***, ...”

Come down in the *Webster's New Collegiate Dictionary*, © 1953 on page 164 is defined as, "a downfall, especially in rank or dignity." **Rank** in the *Synonym Finder*, © 1978 on page 984 is also, "position, status, influence, connection, importance."

The next word to decode is *heaven*. **Heaven** in the *Strong's Exhaustive Concordance of the Bible*, reference #3772 is transliterated as, "hill." **Hill** in the *Bartlett's Roget's Thesaurus* reference #68.12 is categorized with, "Capitol Hill."

We can conclude, that ‘*another mighty angel come down from heaven*’, is describing corporate acquaintances, friends and associates of the President of United States and of governors of states losing their connections on Capitol Hill along with members of the House of Representatives, Congress, the Senate, the Supreme court, etc. of the U.S. government losing their rank, status and position, from Capitol Hill.

Why are these corporate associates and politicians losing their position on Capitol Hill? The President of the United States is pushing this Homeland Security bill and when it passes through the Senate it will be a superagency that will control all aspects of American life and intelligence operation. The department will be a combination of 22 agencies in one. Now, that’s a lot of power and some people who do not agree and who debate with the power structure will have to be shaken off the tree. And if we watch the news, members on Capitol Hill are already losing their position in office. Some examples are, Congressman Traficant of Ohio who was expelled from Congress for racketeering charges and the like. Senator Torricello from New Jersey was severely admonished by the Senate Ethics Committee for breaking senate rules (it doesn’t look like he’ll be re-elected.) And the INS chief who announced his resignation with no specific reason for his decision but commented, “that the proposed new Department of Homeland Security had “fundamentally changed” the agency’s future.” This quote was taken from www.cnn.com, entitled: “*INS chief announces resignation plans*, ” dated August 16th, 2002.

Thus, these politicians and their corporate associates are losing their position on Capitol Hill because of the Homeland Security department, which represents the power of a new government. Let us continue to decode the

scripture and see what other means the United States government is getting rid of these politicians. Let us continue to decode the next section of the scripture, which reads in part,

“... clothed with a cloud: ...”

Referenced in the *Strong's Exhaustive Concordance of the Bible*, **clothed** reference #4016 is transliterated as, “array, clothe.” **Array** in the *Practical Standard Dictionary of the English Language* © 1922 on page 74 is defined as, “the persons or things arrayed; a military force.” **Military Forces** in the *Bartlett's Roget's Thesaurus* reference #58.2 is categorized with the, “Pentagon.”

Now that the Pentagon is in the scene we will find out what role they're playing in this drama by defining the word *clothe* from *clothed with a cloud*. **Clothe** on page 232 is defined as, “to overspread or over lay with something so as to protect or hide; enwrap. **Overspread** on page 809 is defined as, “to lie scattered over.” **Lie** on page 665 means, “to utter that which is false with intention to deceive; give a deceitful impression; as, figures can not lie. Accusation of lying.”

Thus we can see that the Pentagon has overspread lies and accusations about their own, with intentions to deceive. These lies are done so that it will scatter over, according to the definition of *overspread*. **Scatter** on page 1016 is defined as, “to cast about irregularly; fling around, as money; stew; as seed.” To **cast about** is defined in the *Random House Webster's Collegiate Dictionary*, © 1999 on page 206 as, “to lay plans concerning: CONTRIVE. **Plan** the singular form of *plans* is defined on page 1008 as, “a scheme or method of acting, proceeding, etc. developed in advance: a battle plan.”

With this additional information we can see what the Pentagon has overspread. They are accusing their own about a scheme that they developed in advance regarding battle plans. What does this sound like to you? **The Pentagon Leaks!** We will now read from a transcript of CNN's *Saturday Edition* from www.cnn.com aired August 3rd, 2002, "Congress was upset that the leak happened, and so they asked the FBI to do an investigation. And now, the FBI has apparently talked to a number of members of Congress on the committee, on that joint Senate-House panel, and some of them have been asked whether they would be willing, in the future, to take a lie-detector test. But also, even more ironic than that, is that this is the committee that is investigating 9/11. So it's investigating the FBI, and now you have the FBI, investigating the committee that's investigation it. So you have this vicious, you know, circle going on, and some said this is going to result in just two really bad investigations."

It sounds like there's a lot of tension, confusion and backstabbing on Capitol Hill. But that's their motto, 'chaos brings about order – the One World Order.' And to set up a new government they're going to have to get rid of some politicians. Let's continue and understand more about the government's deceitful plans. We will now define *contrive* which came from the word *cast about* taken from *scatter* from the word *overspread* which derived from *clothe*, from the scripture, *clothed with a cloud*.

Contrive in the *Webster's New Collegiate Dictionary*, © 1973 on page 247 means, "To bring about by stratagem or with difficulty." From this definition we will define *stratagem*, *difficulty* and the words within. **Stratagem** on page 1149 is defined as, "an artifice or trick in war for deceiving and outwitting the enemy." **Difficulty** is defined on page 318 as, "controversy, disagreement." **Controversy** taken from *Random House Webster's Collegiate Dictionary*, © 1999 on

page 290 is defined as “a public dispute concerning a matter of opinion, contention, strife or argument.” And lastly, **argument**, on page 72 means, “an oral disagreement, contention, altercation. A discussion involving different points of view, debate.”

Thus, we can conclude that the Pentagon has overspread lies about their own so as to create confusion and bring down some politicians from Capitol Hill. Their plans are intended to cause various effects. For it is also a war trick to deceive and outwit the enemy and to cause a controversy in the nation, provoking public dispute, oral disagreements, discussions involving different points of view and a debate about these battle plans that point towards war.

Let us continue with the rest of the scripture, which reads in part “...*clothed with a cloud*.”

Cloud in the *Webster's New Collegiate Dictionary*, © 1973 on page 212 is defined as, “something that has a dark, lowering, or threatening aspect. From this definition we will only pursue threaten.”

Threaten in the same source on page 1215 is defined as “To announce as intended or possible.” **Intend** the root of *intended* on page 601 is defined as, “to direct the mind.” And lastly **possible** on page 898 is, “having an indicated potential.”

We can conclude that, ‘*clothed with a cloud*’ is the Department of Defense, The Pentagon overspreading lies about their own, so as to create confusion on Capitol Hill. Their plans are intended to cause various effects. Being a war trick to deceive and outwit the enemy, cause a controversy in the nation,

provoking public dispute, oral disagreements, discussions involving different points of view and a debate about these battle plans. For the purpose of announcing and directing the minds of the American people of their true intentions, that being a potential war.

We will now decode the next section of this scripture in Revelation chapter 10:1,

“...and a rainbow was upon his head ...”

Firstly, this rainbow is upon the head of the United States government. **Head** in the *Random House College Dictionary*, © 1988 on page 608 is defined as, “the position or place of leadership, greatest authority, or honor.”

From this definition we can see that the rainbow is a person in place of leadership that has great authority and honor. Let us see who this person is.

Referenced in the *Strong's Exhaustive Concordance of the Bible*, under #2463 **rainbow** is transliterated as a, “female messenger.” **Messenger** in *Random House College Dictionary*, © 1988 on page 118 is, “the holder of rank or office; incumbent.” **Incumbent**, “currently holding an indicated office.”

We can come to terms that that this female messenger is currently holding an indicated office. To see what her office does we must define *indicate* from *indicated office*. **Indicate** the root of *indicated* is defined in the *Webster's New Collegiate Dictionary*, © 1973 on page 669 as, “to show or suggest the suitability or necessity of.” **Necessity** on page 882 is, “the quality of following inevitably

from logical, physical, or moral laws.” **Law** in the *Synonym Finder* © 1978 on page 645 is also, “case.”

From these gathered facts, we can deduce that this female messenger who holds an indicated office is suggesting the necessity of something to be followed inevitably, from a logical, physical and moral case. So we see that her office suggests, recommends and advises the United States government.

So what is she advising? We must define following inevitably from the definition of *indicate* from *indicated* that came from the word *incumbent* from the transliteration of *rainbow*. **Follow** the root word of *following* is defined in the *Random House Webster’s College Dictionary*, © 1999 on page 508, “to go in pursuit of: *to follow an enemy.*” **Enemy** in the *Random House Webster’s Collegiate Dictionary*, © 1999 on page 435 is, “a person who hates, opposes, or fosters harmful designs against another; hostile opponent. And lastly **inevitably** on page 673 is, “unable to be avoided, evaded, or escaped, certain, necessary.”

Question, who is the United States enemy who is fostering harmful designs such as weapons of mass destruction? Saddam Hussein.

Thus, we can assert from these facts that this female messenger who is in an advisory office is suggesting the necessity of going in pursuit of Saddam Hussein, who is fostering harmful designs such as weapons of mass destruction against another. She is advising that this pursuit should not be avoided, evaded or escaped that being from a logical, physical or moral case. Who is this female messenger who is currently in an advisory position? In order to identify her, let us read a quote from a transcript of *CNN Saturday Edition* aired on August 17th, 2002, retrieved from www.cnn.com.

“National Security Adviser, Condoleezza Rice on the BBC radio, “Clearly, if Saddam Hussein is left in power doing the thing that he is doing now, this is a threat that will emerge and emerge in a very big way. And history is littered with cases of inaction that led to very grave consequences for the world. There is a moral case to be made to attack Saddam Hussein, to have regime change in Iraq because the threats of his chemical and biological weapons.”

Therefore, we can conclude that the, “*the rainbow upon his head*” is the National Security Adviser, Condoleezza Rice. Let us continue to decode the next portion of the scripture, which reads in part,

“...and his face was as it were the sun, ...”

Referenced in the *Strong’s Exhaustive Concordance of the Bible*, **face** reference #4383 is transliterated as, “the front (as being towards view).” This is quite an interesting transliteration; let us see what is hidden within. **Front** in the *Webster’s New Collegiate Dictionary*, © 1973 on page 461 is defined as, “a movement linking divergent elements to achieve certain common objectives; especially a political coalition.” From this definition the word political will solely be defined. **Political** in the same source on page 890 is defined as, “involving or charged with acts against a government or a political system.”

Thus, we can see that the front of the United States government is a political coalition, a coalition that will be involved and charged with acts against a government. Let us continue to explain. **Involved** taken from the word *political* on page 609 means, “to oblige to take part.” **Oblige** on page 792 is defined as, “the constraints by physical, moral, or legal force or by exigencies of

circumstances.” And lastly, **exigency** the singular form of *exigencies* is defined on page 401 as, “a state of affairs that makes urgent demands.”

We can gather that this political coalition will be obliged to take part in a state of affairs that demands urgency. Let us continue with the definition of *political*, which reads in part, “... charged with acts.”

Charged is our next word to define. **Charge** in the same *Webster's New Collegiate* on page 187 is defined as, “ATTACK.” Our next word to define is *acts*, from the definition of the word *political*, “*charged with acts*.” **Act** the singular form of *acts* in the *Webster's New Collegiate Dictionary*, © 1973 on page 11 is defined as, “the formal product of a legislative body: STATUTE. **Statute** in the same reference source on page 1137 means, “an international instrument setting up agency and regulating its scope or authority. **Scope** on page 1035 means, “a range of operation.”

We can assert that this political coalition of joint forces will be obliged by the U.S. government to take part in a state of affairs that demands urgency. Which is an attack with an international instrument (the War on Terrorism) to set up an agency (Homeland Security) that will regulate the range of operation and authority against the government.

Let us continue with the transliteration of *face*, which reads, *the front (as being toward view)*. We must now understand what (*as being toward view*) means. **As** by definition means, “the way or manner that.” Whereas **being** is, “something conceivable as existing.” And lastly **view**, is “the act of seeing or examining: inspection.” Thus, the government's front is in the manner that they conceive something to exist and therefore it needs to be inspected. This devil is really

crafty. He is using the excuse of inspecting Iraq for weapons of mass destruction to bring about a political coalition under their control. To see their ultimate intentions we will decode the rest of this section of the scripture, which reads in part,

“... ***as it were the sun***, ...”

Referenced in the *Webster's New World Dictionary*, © 1968 on page 1461 the etymology of **sun** is, “solstice.” **Solstice** in the same reference source on page 1388 is defined as, “a furthest point, turning point, or point of culmination.” **Turning point** on page 1572 means, “a point in time at which a decisive change occurs; crisis.” From this definition we will define **decisive** from *decisive change*. From the authority of the *Bartlett's Roget's Thesaurus*, reference #189.20, **decisive** is categorized with, “establishment.” **Establishment** in the *Random House Webster's Collegiate Dictionary*, © 1999 on page 450 is defined as, “An established order of society.” And **society** in the *Bartlett's Roget's Thesaurus*, #18.1 is also, “the world.” Therefore, we can see from these stated facts that the word *decisive* is pointing toward an established order of the world – A WORLD ORDER.

We can conclude from these irrefutable facts that, “*his face as it were the sun*” is a front and a façade that the United States government is portraying under the conception of Iraq possibly having weapons of mass destruction and thereby inspecting for such. This is a front for the United States to join forces and create a political coalition that will be obliged to take part in an attack under the name of (the War on Terrorism) which is an international instrument to set up an agency (Homeland Security), which will regulate and control the

range of operation and authority against the government, thereby causing a turning point, a decisive change, “THE ONE WORLD ORDER.”

We will now decode the next portion of this scripture, which reads in part,

“...***and his feet as pillars of fire***”

From the authority of *Random House Webster's Collegiate Dictionary*, © 1999 on page 509 **foot** the singular form of *feet* is defined as, “the last, as of a series.” From this definition we will define *last*, *series* and the words within. **Last** on page 288 means, “to go on with or persist in.” **Persist** on page 984 means, “to continue steadily or firmly in some state, position, or course of action, in spite of opposition or criticism.” And lastly, **series** on page 1198 is, “a set of successive volumes or of issues of a periodical published in like form with similarly of subject or purpose. A daily or weekly program with a set format, a regular cast of characters, and sometimes a continuing story, as a situation comedy or a soap opera.”

We can deduce from these gathered facts that the United States government will continue steadily and firmly in the same course of action, in spite of opposition or criticism from issues of periodicals published, daily and weekly programming and continuing stories regarding the subject matter – which is ‘war’.

Let us see what the rest of the scripture is saying and it reads in part,

“...*and his feet as **pillars** of fire.*”

Pillars in the *Strong's Exhaustive Concordance of the Bible*, reference #4769 is transliterated as, "support." The base of the word *pillars* is reference #2476, which means, "defeat." We will now define support and then defeat. **Support** in the *Random House Webster's Collegiate Dictionary*, © 1999 on page 1313 is defined as, "backup or assistance in combat."

With this information we can see that the government of the United States will continue to seek support and assistance in combat, in spite of opposition and criticism from issues of periodicals published, daily and weekly programming and continuing stories about going to war.

We will now define the second transliteration of *pillars*, which is *defeat*. **Defeat** in the *Random House Webster's Collegiate Dictionary*, © 1999 on page 347 means, "an overthrow or overturning; downfall, abolition." **Overthrow** in the same source on page 944 is defined as, "to depose, as from a position of power." **Depose** on page 356 means, "to remove from office or position, especially high office."

We can see that the type of support in combat that the United States government is seeking is to remove one from position and office, especially **high** office. **High** from *high office* in the same source on page 619 is defined as, "extreme in opinion or doctrine, especially in religion or politics. Having considerable energy or potential power." **Energy** on page 435 means, "a source of usable power, as fossil fuel or electrical." **Fossil fuel** on page 516 means, "any combustible organic material, as oil, coal, or natural gas, derived from the remains of former life."

Thus, the high office of the one in power that the United States government wants to remove has extreme opinions and doctrine, especially in religion and politics with a considerable source of energy, such as fossil fuel, oil, coal and natural gas. Further, this one in office, according to the definition of *high*, has *potential power*. **Potent** the root of *potential* is defined in the *Random House Webster's Collegiate Dictionary*, © 1999 on page 1032 as, “producing powerful physical or chemical effects.” **Chemical** on page 226 means, “used in chemical warfare: *chemical weapons*.”

We can confirm from these irrefutable facts that the one who is extreme in opinion and doctrine, especially in religion and politics with considerable source of energy, such as fossil fuel, oil, coal, gas, as well as potential power for producing powerful physical and chemical warfare is, the Iraqi leader, Saddam Hussein.

We will now decode the last of this scripture, which reads in part,

“...*pillars of fire*”

Fire in the *Practical Standard Dictionary of the English Language* © 1922 on page 439 is defined as, “to put out with force; hence, to discharge from employment.” **Force** in *Webster's New Collegiate Dictionary*, © 1973 on page 449 is defined as, “Military strength.”

We can conclude that, *his feet as pillars of fire*, is the government of the United States that will continue to seek support despite opposition and criticism to remove Saddam Hussein with the force of military strength.

The scripture in Revelation chapter 10 verse 1 has been decapitated, completely decoded. And now to understand the scripture in it's entirety we must read our gathered conclusions.

“And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire.”

The prophecy reads, And I saw, “the government of the United States of America engaging, involving and occupying the attention and efforts of the armed forces, which consist of the military, naval, and air force, as well as a number of nations, to contend in war. This was done through terror tactics, with the assistance of the media to publicize terrorist attacks, hostage taking and kidnappings, all for one purpose. For the purpose of taking away and robbing the American people of their freedom through fear, thereby, having the people under their control and dominion. The government’s plans of control and dominion are being introduced in the form of a legislative bill. A bill presented for an agency, The Homeland Security Department, which will conduct public and national matters occasioning public anxiety, controversies and scandals. The restructuring of this department will cause members of the House of Representatives, Congress and the Senate, along with the corporate acquaintances of the President and governors of states to lose their positions, rank and connections on Capitol Hill. Their plans of control and dominion will be apparent when the Department of Defense, The Pentagon, overspreads lies about their own so as to create confusion on Capitol Hill. Their plans are intended to cause various effects. Being a war trick to deceive and outwit the enemy, cause a controversy in the nation, provoking public dispute, oral disagreements, discussions involving different points of view and a debate
