

The Rising of The Beast Out of The Sea, Pt. 3

Shalom family. I stand before you this day with a testimony about a *Man* whose *divine wisdom* and *supernatural understanding* of “ALL” things is beyond the terrestrial and mundane realms of this world. This *Man’s* name is 8-8: *> 8-8: . Give Him the glory and the praise! I can only testify about what I have seen or what I know in regard to this “one” Man, 8-8: *> 8-8: , and my testimony stands that He is no ordinary Man. I have seen the excellence of His *power*, *glory*, and *might*, and it surpasses all “earthly” comprehension. I know for a fact that what 8-8: *> 8-8: has done for me, no other man on Earth has the capability of doing. Although this is my testimony, I know that there is someone sitting in here that can feel what I am saying. I know you can recall when you received the *word* how 8-8: *> 8-8: touched your soul with His *word* or, better yet, how He is touching your soul now with His *word*. I know I have some witnesses in here today! Praise Him! A Man who has come down from Heaven and touched so many souls with His *word* has *poured out His spirit* and filled us with the *Holy Ghost*, meaning a Rational Mind and we are able to discern truth. He has *poured out* His *divine wisdom* and *supernatural understanding* upon us and has given us an understanding of “*divine*” things that no one can deprive us of.

Although the U. S. government has removed the physical body of 8-8: *> 8-8: from us in expectation of destroying the seed that 8-8: *> 8-8: has planted in our minds--it is too late, that seed has already germinated in our minds--that part of us which the tangible hands of man can't touch, and that seed is causing us to emanate the **Great Light** of 8-8: *> 8-8:. I am eternally grateful to 8-8: *> 8-8:. How about you?

8-8: *> 8-8: has declared all things from the beginning, that makes Him **the Alpha** and **the Omega**. Do you know what this means? This means that He knows the beginning, the middle, as well as the end. Therefore, when we receive of His **divine wisdom** and **supernatural understanding**, He is able to show us the "outcome." This world is falling away: the economic system is collapsing, death and disease are inescapable, wars and rumors of wars meet today's headlines and, yet, today's rulers still refuse to acknowledge 8-8: *> 8-8:. They continue to hold Him in their custody and "pretend" as though they do not understand why desolation, death, disease, murder, natural catastrophes, and wars are plaguing them today. Well, we stand as spokesmen/women of 8-8: *> 8-8: to **declare** to the world that until you release 8-8: *> 8-8: to us, then your land shall continue to suffer devastating plagues. Until the princes of this world **shake** and **tremble** with fear at the **wonders** of 8-8:, then 8-8: shall continue to **pour out His spirit** upon us,

causing us to *prophecy* of the “**terrible destruction**” plaguing America and the world. As this truth is reality, it is my “greatest” pleasure to welcome you to part three of this seminar, entitled, “**The Rising of The Beast Out of The Sea.**”

Do you know that this is one of the prophecies in the Bible that the rulers of today *fear* more than anything? Why? Because it is most detrimental to their rulership, and they know that once the mystery about this prophecy has been revealed, then they have but a short time to rule. “**The Rising of The Beast Out of The Sea**” is an *action* that is in motion today, as we speak, and it is my mission to continue to prove this to you. Since my mission is to prove it, then let us open our Bibles to the Scripture which holds the underlying theme for this seminar, Revelation, Chapter 13, verse 1:

*And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads **and ten horns**, and upon his horns ten crowns, and upon his heads the name of blasphemy.*

In continuing our sequence of decoding, the next segment of this Scripture we shall *interpret* in this hour and a half is “**...and ten horns....**” Before we begin, I must say that looking at the words *and*, *ten*, and *horns*, one would probably single out “*horns*” as being the key ingredient to understanding this mystery. However, it is my task to prove that all of these words, when researched carefully and put together, show a series of events that are soon to come upon us.

Thus, it is imperative that before we can even begin to comprehend “*ten horns*,” we must first divert all of our attention to the three-letter word that is in front of “*ten horns*,” which is “and.” Referenced in the *Encarta World English Dictionary*, copyright 1999, on page 62, **and** is, “used to link two statements about events indicating that the second follows the first.” It is also “used to introduce a situation that is a consequence of something just mentioned.” In light of these two definitions, we can take note that the word “and” is introducing to us a “*situation*” that will result as a consequence of what was previously mentioned in this Scripture right before “*and ten horns*.” Hence, it is paramount that we go back to Revelation, Chapter 13, verse 1, and scrutinize what precedes “*and ten horns*.”

“...and saw a beast rise up out of the sea, having seven heads...”

Now from this reading, we can see clearly that a *situation* is forth coming as a consequence of what was previously mentioned in this Scripture, which is *the beast (factually established as the President of the U.S.) rising out of the sea, having seven heads (meaning seven nations that will unite with him to form a New World Order)*. Thus, from our research in parts one and two of this seminar, we derived at the ultimate summation that the **beast** (the President of the U.S.) rising up out of the sea, having seven heads (seven nations) is all about setting in motion a NEW WORLD ORDER. Therefore, we can conclude definitively that as the

beast (the President of the U.S.) begins to establish this NEW WORLD ORDER, then something will follow as a result, **“and ten horns.”** With this in mind, let us firmly refocus our attention back to the definition of “and,” which reads in part, “to introduce a situation...” According to *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 773, **introduce** is defined as, “to usher in.” Therefore, all evidence is indicating that this **situation**, which we are getting ready to identify, is what shall *usher* in the NEW WORLD ORDER.

Before moving forward, I must forewarn you that the facts which we are about to uncover may be so *“overwhelming”* that it may take you a little time to recuperate from the *initial shock*. So, *hold on to your seats*, because we are in for a *turbulent ride*. **And** means a situation. On the authority of the *Merriam Webster’s Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1098, **situation** is defined as, “a critical state of affairs: problem.” Hence, we are being *alerted* here that **“and ten horns”** is alluding to a *critical state of affairs* or *problems* that will usher in the NEW WORLD ORDER. To detect what this *critical state of affairs* is, we must examine the word “critical.” On page 275 of the same reference source, **critical** is, “approaching a state of *crisis*.”

So now we know that we are *approaching a state of crises*. The *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 344, describes **crisis** as, "a turning point in the course of anything; a crucial event; a time of great trouble, often one, which threatens to result in unpleasant consequences." Did someone just *sound an alarm*? We are witnessing from these definitions that these critical state of affairs and problems that will usher in the NEW WORLD ORDER will be the *turning point* that will mark the *crucial forthcoming event*. This event will not only mark the turning point, but it will also threaten to result in unpleasant consequences: "*a time of **Great Trouble***."

Let us begin to identify what this forthcoming *crucial event* is by probing into the second definition of *situation*, which is *problem* (coming from the word **and**, in Revelation, Chapter 13, verse 1). The *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 1144, defines **problem** as, "to throw forward." Taking heed to this information, we can see that this forthcoming crucial event will *throw us forward*, straight into a time of "***Great Trouble***." **Throw** is defined in the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1230, as, "to deliver (a blow)," and **blow**, on page 125, means, "to beat." Thus, we are being cautioned that something will deliver a blow or beating that will catapult the world straight into a time of "***Great Trouble***."

What kind of blow or beating is being referenced here? It definitely won't float like a butterfly, and it won't sting like a bee because we are not talking about Muhammad Ali. So, what is being referenced here? It sounds like we need to consult the dictionaries.

In the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 100, **beat** is described as, "to dislodge by a repeated hitting." Observe this definition carefully, and allow your faculties of reason to work. Our facts are showing that something is going to be dislodged by a repeated hitting. In the *Bartlett's Roget's Thesaurus*, copyright 1996, under the reference #574.15 **dislodge** is the same as, "disorder." Moreover, in the *Chamber's 21st Century Dictionary*, copyright 1996, on page 384, **disorder** is defined as, "riotous behavior." Thus, we are being *put on guard* that a repeated hitting is going to drive something into a riotous behavior? This is a time for rational thinking, and common logics tells us that *dogs* and *cats* don't riot, neither do *squirrels* and *chipmunks*. So what creatures on Earth have the capacity to display riotous behaviors? People. This is getting to be pretty interesting, because now this leaves us to determine, based upon the research gathered, what kind of *repeated hitting* would cause *public disorder* and lead the people to display a *riotous behavior*?

We might as well go ahead and leak the *hush-hush* on this “**repeated hitting**, as we are still on the course of defining the word and from the phrase “and ten horns” in Revelation, Chapter 13, verse 1. Let us first define the word *hitting*, so we can find out exactly what this repeated hitting is all about. Hitting derives from the root of the word **hit**. According to the *Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 689, **hit** is defined as, “to **strike**,” which on page 1444, means, “to attack.” You should have *wide eyes* and an *open mouth* right now, if you understand the scope of this. This documentation is affirming that a **repeated attack** will be the “*crucial event*” that will usher in the NEW WORLD ORDER. If your *receptors* have not gone all the way to the top to receive this *signal*, and it’s still coming in a little fuzzy, then I hold one more reliable source that should make it crystal clear in your mind. In the *Bartlett’s Roget’s Thesaurus*, copyright 1996, under the reference #418.2, **attack** is equivalent to, “terrorist attack.” So there we have it! Undeniably, this *crucial event* that will usher in the NEW WORLD ORDER is indeed another **TERRORIST ATTACK**, that will not only result in public disorder but will also cause the people to display *riotous behaviors*.

I’m sure that it’s beginning to seep in right now why the people are going to display riotous behaviors. Most people already believe that these terrorist attacks

were something planned by the U.S. government, but they wouldn't dare allow anyone on CNN to say it. Can you imagine the fear that September 11, 2001 brought upon the American people? All kinds of chaos and upheaval resulted from these attacks; over hundreds of thousands of people have lost their jobs, major companies have filed for bankruptcy, and so forth and so on. So, what would be left if the U.S. (the Land of Opportunity) suffered another terrorist attack? This would definitely affect all nations and would bring about civil disorder.

We haven't reached the *crack of doom* yet, so don't start *letting your guard down* thinking we've reached the conclusion. The truth of the matter is, from this point forward, this revelation only intensifies. To continue our course, let us investigate the word **repeated** from "*repeated hitting.*" **Repeated**, in the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 991, is defined as, "recurring again," and on page 978, **recur** means, "to occur again after an interval." From these facts, we are being admonished that we should look for this **terrorist attack** to occur again, after an **interval**.

The *Webster's New World Dictionary of the American Language*, College Edition, copyright 1960, on page 765, defines **interval** as, "the space between two things; gap." Hence, beyond a shadow of doubt, we should look for another

terrorist attack to occur in the space between two things? What does this mean? In *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 1412, **space** is described as, “time; advertising slots in newspapers, etc., or on radio or television.” On page 1532, **thing** is defined as, “any object.” Thus, between **two objects**, the newspapers, radio, and television will be using time to *advertise* something to separate these two terrorist attacks.

Before we can understand what the newspapers, radio, and television will *advertise* in the time slots between these two objects, we must first identify what these objects are. **Object**, in the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 916, comes from the Latin etymology *objectus*, which reads, see: “**JET**.” On page 718, **jet** is the same as, “*jet plane*.” Now, just in case this is too much for you, let me break it down for you: the evidence is clearly pointing out that the objects that are being described here are “**JET PLANES**.” Since we know that the first **terrorist attacks** with jet planes have already occurred involving the World Trade Center and the Pentagon, then the newspapers, radio and television must *advertise* something to separate the first **terrorist attacks** from the time in which the second or repeated **terrorist attack** is to occur, which is after this **interval**.

To find out what will be *advertised* in the newspapers, radio, and television between the time of these *terrorist attacks*, we must proceed by defining the word *gap* from the definition of **interval** (still defining the word and from Revelation, Chapter 13, verse 1). In the *Webster's New World Dictionary of the American Language*, College Edition, copyright 1960, on page 596, **gap** is, "an interruption in continuity." In the *Encarta World English Dictionary*, copyright 1999, on page 939, **interruption** is, "a halt in an ongoing process; temporary." Thus, we can conclude that whatever this advertising is, it will put a temporary halt in an ongoing process. The base of interruption is **interrupt**, which in the same reference source and page, means, "to obstruct a view."

Considering all of these facts, we can now understand that not only is the media putting a temporary halt on an ongoing process, but they are also seeking to *obstruct a view* of something. From our research, the facts clearly point out that the view the media is seeking to obstruct is this *repeated terrorist attack* that is going to take place. Now, let's take a moment to think, since we are dealing with the time that is separating these *terrorist attacks*. What did the media advertise after the September 11, 2001 event? **AMERICA'S NEW WAR ON TERRORISM**. They were hunting for Bin Laden and trying to counteract terrorism--bombing up Afghanistan, because they believed that this character Bin

Laden had something to do with 9/11. Then all of sudden, they flipped the script or should I say, they took a temporary halt and started trailing Saddam Hussein in Iraq under the guise that he was stock piling weapons of mass destruction, but the world knows that the underlying issue is oil. What kind of joke is this?

So, to be particular, what exactly are they obstructing from our view now? The *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1316, defines **view** as, "INSPECTION." So there we have it folks: they are using this time slot to obstruct our view by advertising ***INSPECTIONS***. This is half of what this interruption in continuity is all about. Since this is the half, let us get to the bottom of the other half by defining the word *continuity* deriving from the definition of gap.

In the *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 315, **continuity** is, "the state of being continuous." On the same page, **continue** the root of continuous reads, "see: Contain." *Are you ready for a blast?* On the authority of the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 249, **contain** is defined as "to follow successfully a policy of containment toward; to prevent (as an enemy) from advancing or making a successful attack." In the *Encarta World English Dictionary*, copyright

1999, on page 391, **containment** means, “to control measure in nuclear reactions.” Let’s make some sense out of this by removing the confusion from the content. **Nuclear reaction** is the same as “nuclear reactor” [Referenced in the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 911]. The *Bartlett’s Roget’s Thesaurus*, copyright 1996, reference #514.10, defines **nuclear reactor**, under the key word “nuclear power production,” as, “nuclear weapon.”

Thus, we can conclude with indisputable facts that the **inspections** in Iraq have everything to do with a “policy” to prevent an enemy (Saddam Hussein) from making a surprise attack by trying to control his *nuclear weapons*. It has everything to do with obstructing our view of this **repeated terrorist attack** that is soon to come. *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 909, defines **policy** as being synonymous to, “rules,” while the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 1153, describes **rule** as being the same as, “ruling.” In *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 1057, **ruling** is equivalent to, “RESOLUTION.” In the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 1123, **resolution** is define as, “a solution or explanation as of a problem, controversy, etc.” Did not the President of the United States draw up a resolution against Iraq

offering solutions and giving explanations of the problem and controversy with Saddam Hussein?

So, let us rewind the facts and make a solid summation here. The **beast** (the President of the U.S.) drew up a **resolution** to force Saddam Hussein to destroy his weapons of mass destruction. And since, Saddam Hussein is not bending over backwards to their every command, then they want to make or threaten war against Iraq. Watch the news headlines, **“SHOWDOWN IRAQ.”** This war with Iraq is multi-colored, but one of its many shades of color is revealing that they are using this to obstruct our view from another **terrorist attack**. Thus, what they are advertising in the newspapers, and on radio and television, as the **“interruption”** before this **second terrorist attack**, is the **“WAR ON IRAQ.”** Just out of curiosity, why are they now so worried about Saddam Hussein who is in his own country minding his own business? If Bin Laden was so much of a threat, shouldn't they still be out there **huntin' 'em down** by bombing up the mountains of Afghanistan?

Now that we have *leaked* the news propaganda by *exploring the grounds* right before this next terrorist attack is to occur, it is now time to go ahead and cross on over into the *danger zone* by exposing all the hidden “details” about this *next terrorist attack*. Before we go there, we are still defining the word and from

and ten horns in Revelation, Chapter 13, verse 1. The next word that we shall define is “**jet**,” which came from object. The *Random House College Dictionary*, Revised Edition, copyright 1984, on page 718, describes **jet** as, “to throw.” It also comes from the Greek *lithos*, which means, “stone.” Now, in putting two and two together, the seat of reasoning is telling us that this *jet plane* that will come after this interval will *throw a stone*. The *American Heritage College Dictionary*, copyright 2000, on page 1413, defines **throw** as, “to discharge into the air by any means.” Therefore, we can grasp that a “stone” will be discharged from the air by a *jet plane*. Must I remind you, this is not the Flintstones, and we are not in Bedrock, neither do we live in the Rock Age, so what does this stone mean in modern-day terms? In accordance with the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 1294, **stone** comes from the Latin *stiria*, which in the basic sense is, “something hard.” The *Chamber’s 21st Century Dictionary*, copyright 1996, on page 611, defines **hard** as, “said of nuclear missiles.” Hence, our facts are validating that this **next terrorist attack** will be a *jet plane* discharging *nuclear missiles* from the air.

We still have left one *stone unturned*, because we have yet to finish defining the second definition of interval, which is gap. Here is the *big whammy*, the *grand finale* that we have been waiting for: *where is this second terrorist attack going to*

take place? Clean your ears out and listen very *intently* as we let Webster, Random, and Bartlett do all the talking. The *Webster's New World Dictionary of the American Language*, College Edition, copyright 1960, on page 596, defines **gap** as, "an opening." In the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 931, **opening** is, "the act of beginning an activity; a celebration marking this." From these facts, we can readily deduce that these *nuclear missiles* will be dropped at an *opening* at the beginning of an *activity*. The *Bartlett's Roget's Thesaurus*, copyright 1996, under the reference #385.4, references **activity** as a cross-reference to #167.1. Under the reference #167.1, **activity** is synonymous to "pastime, amusement, sport, and entertainment," which is also a cross-reference to #145.2. Under the reference #145.2, are **sports grounds**, which is the same as, "stadium and arena."

Somebody *fire a warning flare* because we are being issued a *warning* that the type of area that a *jet plane* will discharge a *nuclear missile* from the air will be over a place where people go for pastime, amusement, sports events, and entertainment, much like an arena or stadium. These are the types of places that we should be "*watchful*" of, especially during the time when they will be hosting "**celebrations.**" Now, let us get a little more clarity on what celebration means. In *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 231,

celebration is defined as, “frequented.” The *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 566, defines **frequent** as, “to go to constantly.” The root of constantly is **constant**, which in *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 221, is “regular.” **Regular**, on page 1005, is equivalent to “periodical.” Hence, this plane carrying nuclear missiles will hit an arena or stadium that periodically hosts events. The *Bartlett’s Roget’s Thesaurus*, copyright 1996, reference #641.7 defines **periodical** as “seasonal or yearly.” Our research has firmly established that we should exercise caution in attending events at stadiums or arenas during the time a yearly or seasonal activity is being hosted, because this is the time in which a plane carrying nuclear missiles will hit with the next terrorist attack. Logically deducing the facts, depending on the popularity and magnitude of what this yearly or seasonal activity is, this may be a place where people from all over the world will gather, or it could even be a place that people outside of the country gather. Can you imagine the disaster? How many times worse will this be than the hit of the World Trade Center? We are talking about Nuclear Power and its effects--**“A WORLD CRISIS.”**

We have now pointed out this “crucial event” that shall catapult the world into a time of **“Great Trouble,”** stemming from the word and in Revelation,

Chapter 13, verse 1. I don't think that *Nostradamus* or the tabloids could tell this better, neither could they have supplied the documentation to prove this *crisis*, this *crucial event* that will usher in the NEW WORLD ORDER, while simultaneously catapulting the world into a time of ***Great Trouble***. Since we have concluded what this crisis is, it is now time that we discuss this time of "***Great Trouble***," so let us see what the Bible has to say about this. Please turn to Jeremiah, Chapter 30, verse 7:

Alas! for that day is great, so that none is like it: it is even the time of Jacob's trouble; but he shall be saved out of it.

Mark, Chapter 13, verse 19:

For in those days shall be affliction, such as was not from the beginning of the creation which God, ~~88~~, created unto this time, neither shall be.

Zephaniah, Chapter 1, verse 15:

That day is a day of wrath, a day of trouble and distress, a day of wasteness and desolation, a day of darkness and gloominess, a day of clouds and thick darkness,

So after this ***next terrorist attack*** that will be unlike the first, we will be up against something else, which is described as "***Great Trouble***." In *The Oxford Universal Dictionary*, copyright 1955, on page 2254, **trouble** means, "to oppress." Thus, we can see that after this ***second terrorist attack*** happens, then someone will

be forced into a time of great oppression. The Bible says that this is even a time of **Jacob's** trouble, as we just read in the Scripture. The same reference source, on page 1377, describes **oppress** as, "to burden with unjust restraints; tyrannize over." Therefore, we can gather that as a result of this *crucial event*, this next **terrorist attack** even Jacob will be burdened with unjust restraints. In the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 1125, the root of restraint is **restrain** and it means, "to deprive of liberty." This is what the **beast** (the President of the U.S.) has been waiting for; the opportunity to deprive the people of liberty. By depriving the people of their liberty the beast (the President of the U.S.) will have the liberty to tyrannize the world. This is what ushering in the NEW WORLD ORDER is all about. So, here comes the million dollar question of the day, "Who will suffer from this oppression, and whose liberty will be taken away as a result of this next terrorist attack?"

We have now *set the stage* to welcome our last point of discussion, which is "**ten horns**" which is from our series of words "and ten horns" found in Revelation, Chapter 13, verse 1. We don't want to jump to conclusions about this time of **Great Trouble**, so we will answer these confounding questions by first examining the word **ten** from its Hebrew rendering. In *The New Strong's Exhaustive Concordance of the Bible*, Hebrew and Chaldee Dictionary, copyright

1990, on page 92, under the reference #6235, **ten** in Hebrew is *asarah* (as-aw-raw') and it comes from the Hebrew #6237, *asar* (aw-sar), which is defined as "to accumulate."

In the *Encarta World English Dictionary*, copyright 1999, on page 11, **accumulate** means to "collect." Thus, we are gathering that something must be collected. *The Random House College Dictionary*, Revised Edition, copyright 1984, on page 264, defines **collect** as, "hoard," which the *Chamber's 21st Century Dictionary*, copyright 1996, on page 638, defines **hoard** as, "to gather secretly." From these facts, we can conclude that after the next **terrorist attack**, someone has plans to oppress a people by secretly gathering them together. I can easily make an assumption about who these people will be and why they will want to gather them together; but right now, we are just going to let the facts speak by defining the word **secretly**.

Let's go ahead and put the truth on the *hot seat*. Secretly derives from the root **secret**, which in *The Random House College Dictionary*, Revised Edition, copyright 1984, on page 1189, means, "U.S. Government and Military, (of information) bearing the **classification secret**." Moreover, on page 249, **classification** is, "the category as *restricted, confidential, or top secret*, to which

information, etc., is assigned, based on the degree of protection considered necessary to safeguard it from unauthorized use.” We can “firmly” establish based on these validated facts that it is the **U.S. government** who, with the help of the **military**, will categorize information as **restricted**, **confidential**, and **top-secret**. This information will be assigned based on the degree of protection considered necessary to safeguard it from unauthorized use. I’m sure you are curious as to why the U.S. government needs the help of the **military** to carry out this secret operation.

The *Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 933, defines **military** as, “of the army.” In the *Bartlett’s Roget’s Thesaurus*, copyright 1996, reference #77.14, under the keyword army unit, the **army** is, “regiment.” And in the *Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 1224, **regiment** is, “military division; government.” Thus, we are gaining insight into the fact that this military division is all about a *military government*. In the *Bartlett’s Roget’s Thesaurus*, copyright 1996, under the reference #49.16, **military government** is the same as, “martial law.”

Therefore, we can see that in order to oppress the people, the *U. S. government* will use the *military* to institute *martial law* after this next terrorist attack. The question is why? In the *Black's Law Dictionary, Abridged Seventh Edition*, copyright 2000, on page 791, **absolute martial law** is described as, “the carrying on of government functions entirely by military agencies, as a result of which the authority of civil agencies is superseded.” It also reads, “a body of firm, strictly enforced rules that are imposed because of a perception by the country’s rulers that civil government has failed, or might fail, to function. Martial law is usually imposed when rulers foresee an invasion, economic collapse, or other breakdown of the rulers’ desired social order.”

Is America suffering from an invasion? Terrorist attacks are invasions. Is America not suffering from economic collapse and from other social disorders that are not desirable? So, they are using the guise of terrorism to carry out this secret and underhanded plot. And that’s not all--as America continues to suffer from invasion, economic collapse, and other social disorders, then the people will begin to display “riotous behaviors.” This will definitely give them a sensible reason to institute martial law, especially since the government will create and orchestrate this entire ruckus in the first place. To top it off, the definition reads that if a country’s ruler *foresees* these things, then he has the right to institute “martial

law.” Who is the ruler of this country? President George W. Bush. This sounds much like Nebuchanezzar, the ruler of Babylon, when his spirit was so troubled by dreams and night visions that he threw the Hebrew boys in the fiery furnace. It is the same today: all President Bush has to do is “foresee” whatever he wants to see and history shall repeat itself--we all shall be thrown in the fiery furnace.

In *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 430, **foresee** is described as, “to expect.” In *The American Heritage College Dictionary*, copyright 2000, on page 481, **expect** is defined as, “**suppose.**” In *Merriam Webster’s Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1184, **suppose** is defined as, “to have a suspicion of.” So all President Bush has to do is have a “suspicion” of you. Congress has all ready passed laws that give the FBI the right to detain anyone they suspect could pose a danger to the American people.

Suspicion comes from the word **suspect**, which in the *Chamber’s 21st Century Dictionary*, copyright 1996, on page 1424, means, “thought to be false.” So, all he has to do is have a “suspicion” of or think something to be false, and there is the lock and key. The *Random House College Dictionary*, Revised Edition, copyright 1984, on page 477, defines **false** as, “tending to deceive.” The

Merriam Webster's Collegiate Dictionary, Tenth Edition, copyright 1999, on page 298, defines **deceive** as, "to give a false impression." What he plans to do is to take a people and make them appear suspicious by giving the world a false impression of them. This is real! In the *Bartlett's Roget's Thesaurus*, copyright 1996, reference #351.6, **false impression** is synonymous to "superstition." So we can see that what President Bush foresees is nothing but superstition: in fact, he is a "superstitious" person.

In the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1183, **superstition** is, "an irrational abject attitude of mind toward God." Also in the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 1320, **superstition** is, "irrational fear of what is unknown, esp. in connection with religion." Therefore, we can see that President Bush has an irrational abject attitude of mind toward God, 8-8:, and he also has an irrational fear of a religion that will rise up, which is why he is issuing top secret orders to throw away the key on these people. Truly, this is a time of Jacob's Trouble!

Now let's get back on the course of distinguishing what group of people will be gathered together under "martial law" (as we are defining the word ten from Revelation, Chapter 13, verse 1). First, let us see how they plan to gather these

people in the time of “**Great Trouble.**” In *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 607, **gather** means, “to concentrate.” The action word of gather is **gathering**, which in the *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 586, means, “a **crowd**,” which on page 347, is described as “the masses.” Hence, the masses are the people who will be subjected to *martial law* and concentrated. **Concentrate**, in *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 298, is “concentration camps.” We should have no doubt in our minds because all the facts are showing us that the **U.S. government** has a *top-secret plan* to gather the masses of the people in **CONCENTRATION CAMPS** under martial law--right after the next terrorist attack. So, who are the masses?

In the *Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 903, **the masses** are, “the common people; the lower classes in social order.” In accordance with the *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 851, **lower** means, “down,” and it also means, “to appear threatening.” So, evidently the lower class in social order is the “down people” whom the government will make it appear that they are a threat to the American people.

According to *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 431, **down** etymologically comes from Indo European **dun** (d-u-n) which, on page 442, is described as, "chestnut brown." A hint has just been dropped about the color of this people, and I am sure some of you are *wiping the sweat* from your face saying, "*Whew, I'm glad I'm not that color.*" Well, if we think that we are going to get off that easy, we had better think twice. In the *Encarta World English Dictionary*, copyright 1999, on page 555, the Indo-European base **dun** is the ancestor of English "**dusk**," which on page 557 is defined as, "dark in color." The adjective of dusk is **dusky**, which is described on the same page as, "dark colored; an offensive term meaning dark-skinned; having somewhat a dark skin or dark complexion."

I told you we were not all going to get off that easy. Anybody that has a drop of color in their skin is considered dark-skinned to the U.S. government. That includes Puerto Ricans, Mexicans, Chinese, Japanese, Vietnamese, Iranians, Indians, Blacks, it doesn't matter--whatever you like to call yourself. So here we see that the U.S. government has plans to put all DARK SKINNED people in **CONCENTRATION CAMPS** by making it appear that they are a threat to the public. Do you see the impact this **next terrorist attack** will have on the minds of the people? The government is going to make the people "frantically paranoid" so

when they start pointing fingers, the people will be receptive to doing what ever the government says.

The *Encarta World English Dictionary*, copyright 1999, on page 80, defines **appear** as to “be seen in public.” The *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 1491, defines **threat** as, “to be an indication or source of potential danger; menace.” Thus, it will be the U.S. government’s job to slander dark-skinned people in the media by causing them to be seen in the eyes of the public as indications or sources of potential danger or terror. That will not be hard to do. Most people are already fearful of dark skinned people, anyway, all you have to do is say “*boo*,” and everyone scatters. Better yet, go to the pool, jump in the water, and see if everyone else doesn’t run out.

The news media is reverberating the word “terrorist” over and over as a campaign to make people accustomed to hearing it, so that at the last, they can point us out and say “potential terrorists, round ‘em up.” Do you see how stupid that sounds--“potential terrorists”--that could be anyone. So, the question is, what do they fear so much about these dark-skinned people? Our research shows that they fear the rise of a religion that has something to do with God, especially since

the facts show that President Bush has an irrational abject attitude of mind toward God.

Logic to all of this is found in the word *menace* (as we are defining ten). On the authority of the *Merriam Webster's Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 725, **menace** is defined as, "to make a show of intention to harm." The *Encarta World English Dictionary*, copyright 1999, on page 1129, defines **menace** as, "threatening speech." Thus, they want to show that these people have the intentions to harm, because of their speech. We have to delve a little deeper into this. According to *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 1417, **speech** is, "the dialect of a nation." This shows that they will come after dark-skinned people because of the dialect of a nation. So, we are seeing that they fear dark-skinned people because of the **dialect of a nation**. *Uh-oh*, I think we are finally getting down to the bottom of this matter. We are seeing that they don't fear this people because they think they are violent or because they have the potential to be terrorists but, rather, they fear them because of their speech--especially their dialect about God.

In the *Oxford Universal Dictionary*, copyright 1955, on page 500, **dialect** is the same as "**dialectic**," which, on the same page is, "investigation of truth by

analysis.” Thus, we can see that this nation must be a group of people who believe in investigating the truth by analysis and, therefore, must have the capability of persuading all dark skinned people to follow them. So, as a result, the government’s first thought is to lock ‘em up. Now, let us break down this definition, “*investigation of truth by analysis,*” for digestion. In the *Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 769, **investigation**, “refers to a detailed examination or search, to uncover facts and determine the truth.” *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 1263, defines **truth** as being equivalent to “gospel,” and on page 467, **gospel** is, “Scripture; New Testament.” The *Encarta World English Dictionary*, copyright 1999, page 60, defines **analysis** as, “to loosen; or unloose.”

Thus, the government is afraid of dark-skinned people because they fear that from among them a nation will rise up who will be able to do a *detailed examination or search* of the Scriptures and uncover the facts concerning the **gospel**, the *New Testament* of the Bible. Moreover, the government has a fear of a nation of people that is able to *loose* the seals of the *Scriptures* of the *New Testament* of the Bible. I believe this would be a threat to the rulers of this government, don’t you? But it has absolutely nothing to do with violence: it has everything to do with straight up facts--truth.

In the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 366, **dialect**, also means “**to speak**,” which in the *Merriam Webster’s Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 1127, is defined as “to testify.” On page 1218, **testify** means, “to prove; to give evidence of.” Thus, the nation of people who can prove and show credible evidence through loosing the seals of the *Scriptures* of the *New Testament* of the *Bible* pose a threat to America’s rulership. Is this what President Bush was able to see--that his rulership was over due to the testimony of this nation of people? The war that is going on with this nation that has a testimony can be substantiated in the Bible. Let us turn to Revelation 12:9:

*And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which keep the commandments of 8-8:, and have the testimony of Christ, 8-8: * > 8-8:.*

Conclusively, the nation of people that they fear has a testimony of Christ, 8-8: * > 8-8:. Christ is the same as “Messiah,” and there is only one Nation who has the testimony of the Messiah, 8-8: * > 8-8:, and that is the Nation of 8-8:. This is the religion that President Bush has an irrational fear of among the dark skinned people. This leaves us with no choice but to define the word *horns*, which is the last word in the phrase, “and ten horns.” In *The New Strong’s Exhaustive Concordance of the Bible*, Hebrew and Chaldee Dictionary, copyright 1990, on

page 105, under the reference #7161, the Hebrew word for **horn** is *qeren* (keh'-ren); which is, "a projecting." It comes from #7160, *qaran* (kaw-ran'), which means, "to gore." First, let us start with projecting. Projecting derives from **project**, which in the *Encarta World English Dictionary*, copyright 1999, page 1437, means, "to cast," which in *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 151, **cast** is described as, "exile."

Thus, the Nation of 8-8: is a group of exiles. What does this mean? In *The Cassell Concise Dictionary*, Revised Edition, copyright 1998, on page 505, **exile** is, "a person who has been long absent from his native country; the captivity of the Jews in Babylon." In the *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 768, a **Jew** is, "a member of the tribe of Judah; a person descended from the ancient Hebrew of the Biblical times." In the *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 659, **Hebrew** is, "any member of a group...tracing descent from Abraham, Isaac and Jacob; Israelite." In the *Random House College Dictionary*, Revised Edition, copyright 1984, on page 711, **Israelite** is "one of a group considered as God's chosen people." The Nation of 8-8: is the *Hebrew Israelite People*, from the *Tribe of Judah*, the *descendants of Abraham, Isaac and Jacob, God 8-8:[s]*

chosen people who have been long absent from their native land and have been in captivity to a place cryptically called Babylon, known today as America.

Let us move to our second definition of *horn*, which is “to gore.” In the *Merriam Webster’s Collegiate Dictionary*, Tenth Edition, copyright 1999, on page 503, **gore** means the same as, “blood,” which on page 124, **blood** is, “a black American male--used esp. among black people.” The U.S. government will use the next terrorist attack to lock up all dark-skinned people because they fear the rise of a religion that has the testimony of the Messiah, 8-8: * > 8-8: . This nation of people have been led to believe that they are *Black Americans* when, in fact, they are *Hebrew Israelites*, the Tribe of Judah, the descendants of Abraham, Isaac and Jacob, God 8-8: [’s] chosen people. And even more, they fear this Hebrew Israelite people because we have the ability to *loose* the seals of the *Scriptures* of the *New Testament* of the *Bible* and reveal that the *wicked Governments* of this world have but a **short time** before they are replaced by the **“Theocratic Government of 8-8:.”** This has been their greatest fear since J. Edgar Hoover. Read the **Be Aware Fact Sheet** in the book, *Our True History, The World’s Best Kept Secret*; read the book *Concentration Camps*. These truths are now becoming a reality right before our eyes!

This is now the time of *Great Trouble, Jacob's Trouble*, meaning that we must be aware of all the signs that are taking place in the world events today, particularly when we see "*the next terrorist attack*" take place, because this is the method that the U.S. government shall use to come after all dark-skinned people. "O Israel, be ready with your loins girded up!" Praise 88: for the revelation and "chazaq veamats!"
