

Praise יהוה! Praise יהוה בן יהוה! Shalom aleichem, to all my Hebrew brothers and sisters. Welcome to our Twenty-third Annual Feast of Tabernacles, in the solar year 6006. It is my greatest honor to give all praise, honor, glory, and esteem to the most magnificent, phenomenal, and benevolent Being that will ever be, יהוה. יהוה is a very merciful God, who recognized Israel's dire need for a deliverer. It is because of His keen intuition that He sent יהוה בן יהוה, the self-manifested, express image of Himself, who is simultaneously our Savior and the Only Begotten Son of יהוה. יהוה בן יהוה surpasses the benevolence known to man. יהוה בן יהוה surmounts the graciousness conceivable by man. This, therefore, makes יהוה בן יהוה the most aesthetic Mind, which excels in the realm of spiritual pulchritude and splendor. Let everything that has breath, praise יהוה!

Once again, I welcome you all to the Feast of Tabernacles, where the Almighty God, יהוה has chosen to place His name. I also welcome you to the commencement of this seminar entitled, *The Seven Seals of the Apocalypse, Part 5*. Thus far, the seals referenced in Revelation, Chapter 6 have taken us on a journey that is preparing us to endure upcoming persecution and stress that shall be imposed on our nation. The same is what we will be dealing with today as we decode the fifth seal. To begin this preparatory course, let

us turn to our foundation Scriptures of the day, Revelation, Chapter 6, verses 9 through 11.

*And when he had opened the fifth seal, I saw under the altar the souls of them that were slain for the word of God, יהוה, and for the testimony which they held:*

*And they cried with a loud voice, saying, How long, O Lord, יהוה, holy and true, dost thou not judge and avenge our blood on them that dwell on the earth?*

*And white robes were given unto every one of them; and it was said unto them, that they should rest yet for a little season, until their fellowservants also and their brethren, that should be killed as they were, should be fulfilled.*

In this Scripture, the souls were seen under the altar; hence, this position must have a very important significance. Referenced in *Encarta World English Dictionary*, copyright 1999, on page 1935, **under** is characterized as “while something, especially condition or circumstances prevails.” According to *Webster’s II New College Dictionary*, copyright 1999, on page 876, **prevail** is defined as “to be in current effect.” In light of these definitions, **under** indicates a period while the conditions or circumstances of **the altar** will be in current effect. Having established this fact, we can now introduce the conditions and circumstances of the **altar** that will be put in current effect.

The Greek rendering of **altar** is found in *The New Strong's Exhaustive Concordance of the Bible*, Greek Dictionary, copyright 1990, reference number 2379, and it is *thusiasterion*, from a derivative of 2378, *thusia*, which means “sacrifice (the act or the victim, lit. or fig.).” Referenced in *The Oxford Universal Dictionary*, copyright 1955, on page 1776, **sacrifice**, by definition, is “a person that falls into the power of a destructive agency.” We have obtained from these facts that the phrase “under the altar” describes a period of time when a condition or circumstance will be in current effect. This condition or circumstance is during the time that a person *falls* into the power of a destructive agency.

**Fall** is defined in the aforementioned source, on page 671, as “to lapse, as a benefice, etc.” We will begin analyzing this definition by consulting with *The American Heritage College Dictionary*, Third Edition, copyright 2000, on page 764, which confirms **lapse** as “to come to an end temporarily; to be no longer active.” These definitions have outlined that the circumstance or condition, which will be in current effect, is when a person falls into the power of a destructive agency. During the course of this phase, something will temporarily come to an end, and be no longer active as a benefice--the next word for decryption.

Illustrated in *The Cassell Concise Dictionary*, copyright 1998, on page 133, **benefice** is classified as “an ecclesiastical living.” Up to this point, we have been dealing with a circumstance or condition that will be in current effect; this circumstance or condition concerns the ecclesiastical living of a person, which will temporarily come to an end and be no longer active. *Thorndike Barnhart Junior Dictionary*, copyright 1968, on page 204, defines **ecclesiastical** as “of the clergy.” **Clergy** is identified by *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 273, as “ministers,” while **minister** is factually described in *Webster’s Third New International Dictionary*, Unabridged, copyright 1971, Volume 2, on page 1439, as a “preacher.” In the same source, on page 1783, **preach**, the root of preacher, means, “discourse publicly from a text of Scripture.”

Let us proceed to find out what it means to **discourse publicly** from a text of Scripture. **Discourse** is defined in *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 411, as “to utter.” In *The Oxford Universal Dictionary*, copyright 1955, on page 2328, **utter** means, “to disclose or reveal (something unknown, secret, or hidden).” **Publicly** is the adverbial form of **public**, which is defined by *The Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 944, as “of or relating to a

government.”

As we apply these facts to our definition of preach, we come to understand that those who *discourse publicly*--that is, disclose secret, unknown, and hidden things relating to the government in the text of the Scripture--will *fall* into the power of a *destructive agency*. This means that a period of time will come into effect when the work of a people disclosing information of this nature will temporarily be put to an end, and will no longer be active.

From our definition of sacrifice, which comes from the word **altar** (“...I saw *under the altar*...”) we found out that someone would **fall**. As we examined the intricate parts of this definition, we learned that a certain people disclosing unknown, secret, and hidden details relating to the government in the text of the Scripture, would temporarily be put to an end by the power of a *destructive agency*. Naturally, the *destructive agency* is our next point of discussion. **Destructive** derives from its root word **destroy**, which is defined by *Webster’s Third New International Dictionary*, Unabridged, copyright 1971, Volume 1, on page 615, as “to deprive of position, prestige, and reputation...; defeat and discredit fully.”

We have an agency on our hands that has the power to defeat and fully discredit the people who disclose or reveal the government in the text of the Scripture. In addition, this agency has the capacity to temporarily put an end to their work; deprive them of their position, prestige, and reputation, as well as, the ability to make inactive their disclosure of unknown, secret, and hidden things about the government in the Scripture.

This seems to be a very powerful agency, and to find out if it is, let us define **agency**. **Agency** is defined in *Encarta World English Dictionary*, copyright 1999, on page 30, as “a division of a government that carries out administrative duties.” **Administrative** is found in *The Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 15, and it means, “of or relative to administration.” **Administration** is described in *Encarta World English Dictionary*, copyright 1999, on page 20, as “a United States government board.” Taking these definitions into consideration, we see that this agency is a division of the United States government that has the power to destroy--defeat and fully discredit--the acts of those who reveal the government within the text of the Scripture. They, also, have the power to deprive these people of their position, prestige, and reputation. Therefore, let us continue decoding the “administrative” divisions of the United States

government to find out which particular division wields such influential power.

In *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 15, **administrative** is also defined as "executive," while *The American Heritage College Dictionary*, Third Edition, copyright 2000, on page 479, defines **executive** as "the executive branch of government." This information has enlightened us to the fact that the *executive* branch of the United States government will temporarily put an end to the work of a people disclosing the government in the text of the Scripture, by depriving and discrediting their position, prestige, and reputation.

In recapitulating the facts we obtained from the phrase "under the altar" in Revelation, Chapter 6, verse 9, we have discovered that a period of time will come into effect when the Executive branch of the United States government will temporarily put an end to the work of a particular people disclosing unknown, secret, and hidden knowledge about the government that is written in the Scripture. Because of this, they will deprive and discredit their position, prestige, and reputation in the eyes of the public. This is in

conjunction with the continuation of Revelation, Chapter 6, verse 9, which reads:

*And when he had opened the fifth seal, I saw under the altar **the souls of them that were slain** for the word of God, **יהוה**, and for the testimony which they held:*

Because the government shall cause such ruin and devastation to the work of these people, their souls **will be slain**. **Soul** is defined by *Encarta World English Dictionary*, copyright 1999, on page 1709, as “the deepest and truest nature of a nation....” *Random House Webster’s Unabridged Dictionary*, copyright 2000, Computer Software, defines **nature** as “character.” **Character**, in the same source, is “a style of writing.”

**Style** is described in *Encarta World English Dictionary*, copyright 1999, on page 1776, as “the ways in which written material is presented, usually in a particular publication.” **Write**, the root of **writing**, is found in the same source, on page 2054, and it means, “to prophesy what will happen in the future.” We can ascertain from these facts that the Executive branch of the United States government will discredit the written publications of a nation whose prophecies reveal what will happen to the government in the future, according to the Scripture.

As we proceed with decoding Revelation, Chapter 6, verse 9, we are shown that this nation was *slain* for two reasons: for the word of **והיה** and for the testimony, which they held. **Slain** is the past participle of **slay**, which is defined by *The Oxford Universal Dictionary*, copyright 1955, on page 1913, as “to become affected by smut.” In *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 1128, **smut** is equivalent to “smear.” **Smear**, in *Webster’s Third New International Dictionary*, Unabridged, copyright 1971, Volume 3, on page 2150, is described as “a deliberate and usu. unsubstantiated charge or accusation intended to foment distrust or hatred against the person or organization so charged; to vilify or blacken the reputation of by applying a debasing epithet....”

Our new-found information reveals that the Executive branch of the United States government will deliberately and unsubstantially charge or accuse the nation, whose prophecies disclose what will happen to the government in the future, of something that is intended to foment distrust and incite hatred. In addition, they shall vilify this nation’s reputation by the device of a debasing epithet. To understand this, we must do a diligent inquiry.

Therefore, in accordance with *Webster's Third New International Dictionary*, Unabridged, copyright 1971, Volume 3, on page 2552, **vilify** is referenced as "to utter slanderous and abusive statements about." Thus, the Executive branch of the United States government shall utter slanderous and abusive statements about this nation because of the prophecies they are revealing about what shall happen to the government in the future. They shall do this by *applying a debasing epithet*, which is our next definition to decode.

Referenced in *Random House Webster's Unabridged Dictionary*, copyright 1999, Computer Software, **apply** is defined as "use," while **debase**, the root of **debasing**, is defined by *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 372, as "cheapen." **Cheapen**, is referenced in *The American Heritage College Dictionary*, Third Edition, copyright 2000, on page 238, as "to lower in public estimation." According to *Random House Webster's Unabridged Dictionary*, copyright 1999, Computer Software, **estimation** is "opinion."

From the facts we have gathered from the souls slain, we can deduce that the Executive branch of the United States government will use *epithets* to lower the public's opinion of a nation's prophecies, which disclose what will

happen to the government in the future, according to the text of the Scripture.

Since the government will use a debasing *epithet* against this nation, let us find out what an *epithet* is. According to Random House Webster's Unabridged Dictionary, copyright 1999, Computer Software, **epithet** is “a characterizing word firmly associated with a person or thing and often used in place of an actual name, title, or the like.”

On that note, we can affirm that the Executive branch of the United States government shall use such “characterizing” words associated with cults, and persons like Jim Jones and David Koresh--to make slanderous and abusive statements against this nation in order to incite hatred and fear, and to lower the credibility of their prophetic disclosures in the opinion of the public.

Why the government wants to slay this nation is written in Revelation, Chapter 6, verse 9, which states that the souls were “slain” for “...*the word of God*, יהוה.” We will now deal with this nation being slain for the word of God, יהוה, because this narrows down which nation we are referring to. Without this very important incentive, some people could be misled to believe that this could very well be talking about the Nation of Islam, or

some other nation. However, what distinguishes this nation from all other nations is that “this” nation will be slain for the word of יהוה. What is the **word of יהוה**?

According to *Random House Webster’s Unabridged Dictionary*, copyright 1999, Computer Software, **word** is classified as “the message of the gospel of Christ.” **Message** is disclosed, in the same source, as “an official communication.” So far, this definition is conveying to us that this nation was slain for the official communication of the *gospel of Christ*. **Gospel**, in the previous reference, is characterized as “glad tidings, esp. concerning salvation and the kingdom of God as announced to the world by Christ,” while in *Webster’s II New College Dictionary*, copyright 1999, on page 199, **Christ** is identified as “the Messiah.” Hence, these facts show that the Executive branch of the government shall be used to slay this nation because their prophetic disclosures reveal what shall happen to the government in the future according to the Scripture, and because they proclaim glad tidings, especially concerning salvation and the kingdom of God, יהוה, as announced to the world by the Messiah, יהוה בן יהוה.

There is only one nation that is “officially” communicating the message about the kingdom of יהוה, and proclaiming the presence of the “true”

Messiah, **יהוה בניהוה**, on earth today, and that is the Nation of **יהוה**.

We can summarize from the information we have received thus far from *souls that were slain for the word of יהוה* that the Executive branch of the United States government will make slanderous and abusive statements about the Nation of **יהוה** by using characterizing words to discredit our prophetic disclosures about what shall happen to the government in the future according to the Scripture. They shall do this to damage our reputation in the public's opinion, and to incite hatred against and fear of us, as well as to blacken our character and associate us with low esteem. Why? Because we are communicating the message of the kingdom of **יהוה**, and proclaiming the presence of the Messiah, **יהוה בניהוה**, on the earth today.

Having established these facts, let us continue to decode the remaining Scripture in Revelation, Chapter 6, verse 10.

***And they cried with a loud voice, saying, How long, O Lord, יהוה, holy and true, dost thou not judge and avenge our blood on them that dwell on the earth?***

After hearing all of this, you no longer have to wonder why they *cried* to יהוה, and with a loud voice. But, we cannot simply take this from a literal perspective, because as referenced in *Random House Webster's Unabridged Dictionary*, copyright 1999, Computer Software, **cry** is defined as “appeal.” In the same reference, **appeal** means, “a request to some person or authority for a decision, corroboration, judgment, etc.” So this information is indicating that during the time that the Executive branch of the United States government shall be waging a slanderous campaign against the Nation of יהוה to smear our character and discredit our prophetic disclosures, we shall make an urgent request to יהוה for an immediate decision, instant corroboration, or quick judgment.

When we shall make this cry, it shall be done with a “*loud*” *voice*. On the authority of *The Synonym Finder*, by J. I. Rodale, copyright 1978, on page 682, **loud** is synonymous to “insistent,” which **insistent**, in *Random House Webster's Unabridged Dictionary*, copyright 1999, Computer Software, is “persistent.” **Persistent** is defined in the same source as “constantly repeated.” Compiling all the information we have obtained from both the words cried and loud, we have been shown that we, the Nation of יהוה, will constantly use our voice to repeat our request to יהוה for an immediate decision, instant corroboration, and quick judgment.

Let us now uncover the hidden meaning behind our *voice*. Taken from *Random House Webster's Unabridged Dictionary*, copyright 1999, Computer Software, **voice** is defined as “of or pertaining to the transmission of data over media...” As we apply this definition to *voice*, it reveals that it pertains to the transmission of *data* over *media*. Therefore, our request to יהוה for an immediate decision, instant corroboration, and quick judgment shall be in the form of data constantly transmitted over the media.

Data is described in *The Cassell Concise Dictionary*, copyright 1998, on pages 367-368, as “the conversion of information into a form which can be processed by a computer.” In the same source, **media**, on page 909, is defined as “the means of communication with large numbers of people, i.e. radio, TV, Internet, newspapers, etc.” So our request to יהוה will be converted into a form which can be processed by a computer and transmitted via the Internet, radio, TV, newspapers, etc., which are the means by which we can communicate with large numbers of people.

The sum total of this situation is we who shall be slain for the word of יהוה shall persistently *cry out* to יהוה, using the Internet, radio, TV, newspapers,

etc. as tools to convey our message to the world about the United States government, as we constantly petition יהוה to render judgment and to take action against them for their ill will toward us, as written in Psalm, Chapter 34, verses 15 through 17.

*The eyes of the LORD, יהוה, are upon the righteous, and his ears are open unto their cry. The face of the LORD, יהוה, is against them that do evil, to cut off the remembrance of them from the earth. The righteous cry, and the LORD, יהוה, heareth, and delivereth them out of all their troubles.*

Praise יהוה! Let us continue with gaining an understanding of Revelation, Chapter 6, verse 10. We left off at the conclusion that the Nation of יהוה, will “cry out” unto יהוה. The next matter to be determined is what was expressed in their cry. Let us refer back to Revelation, Chapter 6, verse 10.

*And they cried with a loud voice, saying, **How long, O Lord, יהוה, holy and true, dost thou not judge and avenge our blood on them that dwell on the earth?***

What was expressed in their cry was how long will יהוה **not judge and avenge** the **blood** of the Nation of יהוה on **them that dwell on the earth**. The continuation of Revelation, Chapter 6, verse 10, is merely asking when will יהוה **judge** them. According to *The New Strong's Exhaustive Concordance of*

*the Bible*, Greek Dictionary, copyright 1990, reference number 2919, the Greek word for **judge** is *krino* and it is translated as meaning “punish.” As defined in *Random House Webster’s Unabridged Dictionary*, copyright 1999, Computer Software, **punish** is noted as “to subject to pain, loss, confinement, death, etc., as a penalty for some offense, transgression, or fault.” **Subject**, in the same reference source is “to cause to undergo the action of something specified.” The question that was asked in Revelation, Chapter 6, verse 10, questions how long it will be before יהוה *will cause them that dwell on the earth* to undergo or be subjected to pain, loss, confinement, and death as a penalty for their slanderous and abusive statements against us, for their vilification of our character, and for their campaign to lower the credibility of our prophetic revelations in the eyes of the public.

Let us move on to the subject of ***avenging our blood on them that dwell on the earth***. First, the word **avenge**. On the authority of *The New Strong’s Exhaustive Concordance of the Bible*, Greek Dictionary, copyright 1990, reference number 1556, **avenge** is translated as *ekdikeo*, and it is denoted as “to vindicate.” As referenced by *Random House Webster’s Unabridged Dictionary*, copyright 1999, Computer Software, **vindicate** is defined as “to

clear, as from an accusation; to assert, maintain, or defend (a cause, etc.) against opposition.” Found in *The Cassell Concise Dictionary*, copyright 1998, on page 268, **clear** is, “to exonerate,” which **exonerate**, in *Random House Webster’s Unabridged Dictionary*, copyright 1999, Computer Software, is defined as “to relieve.”

What we have gained from these definitions is that the Nation of יהוה was concerned about how long before יהוה will use His discretion to assert His authority and maintain His right to defend our cause against opposition and to relieve us of the false accusations made by the Executive branch of the United States government.

Even in the midst of the government’s *slander* campaign, and negative epithetical references to us and our writings, we will use the tool of the Internet, and other arms of the media to publish our cry to יהוה, requesting Him to render judgment and *avenge* our **blood** on them *that dwell on the earth*--which are our next points of discussion.

To give us insight into these points of view, let us continue our decoding with **blood**. *Encarta World English Dictionary*, copyright 1999, on page 188, verifies that **blood** is a “people considered for their potential to strengthen and improve an organization.” Before we proceed any further, we

have to establish a fact from this definition, and the fact is this *avenging* of our *blood* has everything to do with a people within the Nation of יהוה, and our *potential to strengthen and improve* as an organization.

Let us continue. Since **blood** represents the *potential* to strengthen and improve, we need to find out what this word means. **Potential** is described in *Webster's II New College Dictionary*, copyright 1999, on page 864, as “the inherent ability or capacity for growth, development.”

What this definition is inferring is that the government knows that inherent in us is a natural ability to cause our nation to grow. We have the capacity to develop, as well as, the potential to strengthen and improve our nation. Recognizing these inherent qualities in us, the government will try all within their power to stop our growth and development by destroying our credibility in the eyes of the public. So our question to יהוה was how long is He going to allow the government to continue to impede our ability to strengthen our organization or nation and to stop our capacity to cause our nation to grow and develop. That is, until the time that יהוה decides to *avenge our blood on them that dwell on the earth.*

Since יהוה will avenge our blood **on** “them”-- the agencies within the United States government *that dwell on the earth*--let us find out what this means. In *The American Heritage College Dictionary*, Third Edition, copyright 2000, on page 953, **on** is “used to indicate the object of an action directed against it.” Hence, **on** is referring to the actions that יהוה shall direct against the United States government that *dwell on the earth*.

What does *dwell on the earth* imply? *The Oxford Universal Dictionary*, copyright 1955, on page 575, yields an understanding of what it means to **dwell**, and that is “to lead into error.” We will begin to break this down by starting with **lead**. Taken from the same source, on page 1119, **lead** is defined as “to guide by persuasion.” From these facts, we can deduce that the question was how long before יהוה will judge the United States government for using powerful persuasion to guide the *people* of the earth into *error* about those who are revealing prophetic disclosures about the government and what shall happen to them in the future according to the Scripture.

What does it mean to guide the earth into *error*. **Error** is defined in *The Cassell Concise Dictionary*, copyright 1998, on page 490, as “deviation

from the truth.” Hence, by waging a slanderous media campaign against the Nation of יהוה for its prophetic disclosures, the United States government will cause the people to deviate from the truth, thus leading them into error.

We have come to the conclusion of Revelation, Chapter 6, verses 9 and 10. Having done so, let us summarize all of what we have uncovered thus far. We have established the fact that certain conditions or circumstances will be put in current effect. These conditions or circumstances are described as a period of time when a person *falls* into the power of a destructive agency.

We outlined that *falling* indicates a period of time when the work of a people, disclosing secret, unknown, and hidden information about the government in the Scripture shall temporarily be put to an end. We discovered that the *destructive agency* that shall put this work to an end is the Executive branch of the United States government, which will defeat and fully discredit the written publications of a nation whose prophecies reveal what will happen to the government in the future, according to the Scripture.

In an effort to deprive this nation of their position, prestige, and reputation in the eyes of the public, the Executive branch of the United States government

will deliberately and unsubstantially charge or accuse the nation, whose prophecies disclose what will happen to the government in the future, of something that is intended to foment distrust and incite hatred in the eyes of the public.

In addition, the Executive branch of the United States government shall damage this nation's reputation by characterizing them with such words that are associated with cults, Jim Jones, David Koresh, and the like, to slander and to lower the credibility of their prophetic disclosures in the public's opinion. This nation of people was identified as those who are "officially" communicating the message about the kingdom of יהוה, and proclaiming the presence of the "true" Messiah, יהוה בן יהוה, on earth today: the Nation of יהוה.

Hence, the Executive branch of the United States government will make slanderous and abusive statements about the Nation of יהוה, as well as our prophetic disclosures in order to damage us in the public's opinion and to incite hatred against us, because we are communicating the message of the kingdom of יהוה, and proclaiming the presence of the Messiah, יהוה בן יהוה, on the earth today.

Because the Executive branch of the United States government shall wage such a slanderous campaign against the Nation of יהוה, our research confirmed that we shall make an urgent request to יהוה for an immediate decision, instant corroboration, or quick judgment against them. In this urgent request, we shall persistently *cry out to יהוה*, using the Internet, radio, TV, newspapers, etc. as tools to communicate our message to large numbers of people about the United States government, and their ill will toward us.

Furthermore, we determined that our *cry* is an inquiry to יהוה concerning how long it will be before He will cause *them* (the government) *that dwell on the earth* to be subjected to pain, loss, confinement, and death as a penalty for their slanderous and abusive statements against us; for their vilification of our character; and for their campaign to lower the credibility of our prophetic revelations in the eyes of the public. We found out that at His discretion, יהוה shall assert His authority and maintain His right to defend and relieve us of the false accusations made by the government, who, using powerful persuasion, will cause the people to deviate from the truth in our prophetic disclosures, thus, leading them into error and threatening our natural ability to grow, strengthen, and improve as a nation.

That concludes Revelation, Chapter 6, verses 9 and 10. This brings us to the remainder of the fifth seal, which is found in Revelation, Chapter 6, verse 11, which reads:

And white robes were given unto every one of them; and it was said unto them, that they should rest yet for a little season, until their fellow servants also and their brethren, that should be killed as they were, should be fulfilled.

However, this is where our next seminar will resume, to determine in detail what will happen after the Nation of יהוה is *slain*, and the answer to our question asking יהוה how long He will delay His judgment. It has truly been a pleasure, to be with you today. I praise יהוה for His continuing mercy, and I thank יהוה בן יהוה for His generosity exhibited through His Ten Step Study Method. I love you all, shalom aleichem.
